## Venice city auto licenses

Vehicle tax stickers in the city of Venice will go on sale May 1, according to Comptroller Jeffrey Tolliver. The current stickers will expire at midnight April 30. The 1979 stickers will be available in the Venice city comptroller's office from 9 a.m. to 4 p.m. each weekday beginning on May 1.

**FINED FOR BATTERY**  
James D. Wood, 29, of 935 Reynolds St., Madison, has been sentenced by Associate Judge Philip J. Rarick to serve one year of probation and to pay a \$750 fine. An aggravated battery charge from a Dec. 3, 1978 case was reduced to battery, to which Wood pleaded guilty.

**VEHICLE OWNERS** living in Granite City are seen Tuesday in the office of City Clerk Robert Stevens purchasing vehicle tax stickers well in advance of the May 5 deadline. Several banks and other firms in the city are being used as

outlets for the stickers on certain days until the deadline. With their backs to the camera are deputy clerks Elizabeth Romine, left, and Mary Jo Akdemian. Stickers for all types of vehicles, including cars, trucks and motorcycles, are available.

## City stickers on sale

A series of special sales centers for Granite City vehicle tax stickers in local banks and other locations will begin Friday and Saturday.

City stickers will be sold for \$3 per auto at First Granite City National Bank and Colonial Bank, both from 4 to 7 p.m. Friday, and at Granite City Trust and Savings Bank and American Heritage Bank from 3:45 to 7 p.m. Friday. On Saturday, stickers will be sold at National Food from 9 a.m. to 3 p.m.

Stickers also are on sale Mondays through Fridays at

the city clerk's office in the Granite City hall, Niedringhaus and Edison avenues, through May 15. Beginning May 16, the price of auto stickers increases from \$3 to \$5.50.

Senior citizens may purchase the tax stickers for \$1 through May 15 only at the senior citizen center, 2900 Delmar Ave. Proof of age and vehicle registration must be shown when the stickers are purchased. A driver's license or other document must prove the applicant is 65 years old or older to qualify for the \$1 stickers.

Truck stickers are on sale at the city clerk's office, with the price ranging from \$8 to \$25, depending on the class of truck. Registration cards must be shown when applying for truck stickers. Other special Friday and Saturday sales centers will be established at banks and stores through May 5.

## Memorial services for Mrs. Bryant

Memorial services will be conducted at 5 p.m. Sunday, April 22, at the First United Methodist Church, Third and Kent streets, East Alton, for Mrs. Evelyn Aletha Bryant, 69, of Cashier, N.C., formerly of Madison.

Officiating at the afternoon services will be the Rev. Charles Chadwell, and Sarval will be in the mausoleum at Sunset Hill Cemetery.

Mrs. Bryant died on March 3, 1978, at St. Petersburg, Fla., and cremation took place there March 5. She was born Feb. 27, 1910, to the late Jack and Agnes (Little) Ranney. Her brother, Jack Ranney, preceded her in death.

Mrs. Bryant resided in Madison for many years moving to North Carolina 25 years ago. While residing here, she was a member of the First United Methodist Church of Madison and an Eastern Star chapter.

She and her husband, E. B. "Doc" Bryant who survives were married Jan. 28, 1952, in Edwardsville.

Other survivors include a sister, Mrs. Irma R. Jones of East Alton; two stepdaughters, Mrs. Dorothy Whitsett, St. Louis, and Mrs. Betty Henke, California; a stepson, Robert Bryant of Wyoming; 10 stepgrandchildren; nine stepgreat-grandchildren; and a niece in East Alton.

## 90-day jail term

Charles A. Symonds, 32, of 849 Niedringhaus Ave., has been sentenced by Associate Judge P. J. O'Neill to serve one year of probation and 90 days in the Madison County Jail after Symonds pleaded guilty to battery.

The charge was reduced from devious sexual assault during plea bargaining. He had been accused of beating a 21-year-old Granite City woman Nov. 28, 1978. The young woman said she was asleep in her apartment when a man came to the door about 11 p.m. and when she opened the door, the man entered and refused to leave. She alleged she was forced to commit sexual acts until the man apparently passed out and she ran to a nearby apartment and called police.

## REPLACEMENT TAX ESSENTIALS LISTED

Addressing a public meeting last week, Governor James R. Thompson listed three factors he feels are essential to finding a solution to the loss of corporate personal property tax money in Illinois.

Thompson said the replacement must allow fair allocation of the proceeds, must not create a new bureaucracy, and must be a direct replacement to impact essentially the same on those who pay it under the tax it replaces. He has appointed a 15-member committee to discuss alternatives for the tax.

# Assessor

(Continued from Page 1)

Schoolley, to determine who has the legal right to hire and fire employees in the assessor's office.

Two weeks earlier, the council refused to approve \$800 in salary claims for Ralph Schmidt, a deputy who had left the office of Madison County Supervisor of Assessments James Barton along with two or three other employees in what Cruse contended was a "personality dispute."

Cruse said he was glad when Schmidt offered to come to work for Granite City Township, because he is a college graduate and has eight years experience in the assessing field. "You just don't find that many professional assessors walking around and I was glad to see him in my office," Cruse told the council.

He said he set the salary higher than most other deputy assessors, but it was still less than Schmidt was receiving in Barton's office. "I feel that I've done the right thing for myself and for the taxpayers of Granite City," Cruse stated on the council floor.

Alderman Warren Decatur of the Fourth Ward noted that Schmidt's salary has been increased to \$1,100 per month and contended that it is more than the chief deputy in Cruse's office is paid. Cruse disputed the statement, saying, "I don't think so."

Decatur said the council refused to pay Schmidt's salary two weeks earlier "because we were concerned you think you have the right to hire people without the advice or consent of this council and can increase your budget without advice or consent."

Cruse said he feels House Bill 252,

which was signed into law Sept. 12, 1977, by Governor James Thompson, gives assessors the right to hire and set salaries for employees, as long as the budget is not exceeded. "I think as far as my budget is concerned, I can't exceed it," Cruse told the council.

"If the town board (the Granite City Council serves as both bodies since the city and township share co-extensive boundaries) wants the right to hire and fire in my office, I have no objection to that," Cruse said, but he emphasized that, "In my 14 years as assessor, I have never asked this council to hire anyone."

He said Schmidt replaced someone who left his staff and his salary is within the department's budget, so he did not feel council action advise was necessary. He said he has \$7,532 left in his 1978-79 fiscal year budget for salaries which was adequate for Schmidt's pay.

Alderman Fred "Pat" Schuman of the Second Ward said he feels the town board should act as "a check and balance" over the actions of the assessor.

Cruse said he feels the town board's control of his budget is a check and balance and noted he is asking for more money to operate his office for the 1979-80 fiscal year. "I have even asked the mayor to appoint a township advisory committee to discuss it with and to make recommendations," he said.

Alderman Clyde "Bus" Boyd of the Third Ward responded, "You have a 16-member committee here (the council) as well as a fine finance committee. You never contacted the finance

committee about this." Seventh Ward Alderman Paul Ray Bowler, chairman of the finance committee, agreed his committee was never consulted and said, "We do not feel anyone should be put in the next budget if he was not a budgeted item."

Boyd said he agrees with Bowler and noted the council had stopped Street Superintendent Ljone Portell from hiring without council approval in the past under similar conditions.

He suggested Cruse meet with the finance committee, discuss putting Schmidt in the budget, and discuss paying money already owed to him for his work.

Alderman Charles Douglas of the First Ward cast the only negative vote when the council voted to have Cruse meet with the township attorney and the finance committee. Douglas contended, "The state statute passed in 1977 says he has the right to hire and fire, unless we pass an ordinance and I don't think we have the power to do so."

"We set the budget, but I don't think we have any power whether he hires or fires," Boyd responded. "You (the council) control this budget. The budget controls everything."

Whitmer added, "If we cut his budget, he will have to fire several people and the council has the hard job of looking at that budget and looking why the budget is increasing."

Whitmer also said he wants proof Schmidt has been a resident of Granite City for some time, since past practice of the township and city has been to hire only city residents.

## Pancake breakfast

St. Margaret Mary's Catholic Church, 1906 St. Clair Ave., will have a pancake and sausage breakfast this Sunday, from 8 a.m. to 1 p.m. in the church cafeteria.

The event is being sponsored by the Knights of St. Margaret Mary, the church men's club. Sausages, pancakes, juice, and coffee will be served. The "all the pancakes you can eat" breakfast will cost \$2.50 for adults and \$1.50 for children.

## Walkathon Sunday to aid dimes drive

The Granite City March of Dimes Walkathon will be held Sunday, April 22, and is scheduled to begin at 1 p.m. "We're expecting a better turnout this year," said Arthur Menendez, walkathon chairman.

Last year, 500 walkers collected \$10,000 for the March of Dimes. It is expected that approximately 700 people will participate this year.

Anyone who can walk ten miles is being encouraged to participate, according to Menendez.

The route will start at the Wilson Park ice rink and will make a clockwise circle through town returning to the ice rink area down and Madison Avenue. There are scheduled rest stops along the way.

Granite City Steel and St. Elizabeth Medical Center's

Candy Strippers will furnish refreshments.

Sponsor sheets are available at local schools. Walkers are to ask people to agree to pay a certain amount for each mile walked, to aid the March of Dimes.

The Free Spirits REACT Club will be on hand to aid in case of an emergency.

The route will be east on Fehling Road, south on Nameoki Road, east on Jill Avenue, turning south toward St. Clair Maryville Road.

Following Maryville south, Terminal Avenue west and Nameoki Road south, the walkers will go west on East on Niedringhaus Avenue and then along Madison Avenue back to the ice skating rink.

## Rites held for John Deloney

Funeral services were held Tuesday afternoon for John Deloney, 63, of Troy, Ill., formerly of Venice, at a funeral home in Troy. He died Saturday, April 14, at his home.

He was born on April 22, 1915, in Venice, a son of the late Jeff and Gertrude Bruce Deloney.

Mr. Deloney married his wife, Pearl Rose, who survives, on Jan. 25, 1946, in

Madison.

He was a retired carpenter and a member of Carpenters Local 633 of Granite City. Other survivors include a son, John R. Deloney of Troy; a brother, Elmer Deloney of Mitchell; one sister, Mrs. Ruby Kostelci of Granite City; and two grandchildren.

Burial was in Friedens Cemetery, Troy.

## Mrs. Opal King dies at 74

Mrs. Opal King, 74, of 2226 Missouri Ave., a 60-year resident of Granite City, died at 6 a.m. Wednesday at St. Elizabeth Medical Center. She was born in Iberia, Mo.

Survivors include her husband, Clifton King, one daughter, Mrs. Claude (Christina) Warren of Granite City; a son, Charles King, New Douglas, Ill.; four sisters, Mrs. Irene Branhart,

Owensville, Mo.; Mrs. Nettie Lowery, Birch Tree, Mo.; Mrs. Nadine Davis, Madison, Ill.; Mrs. Derna Harrison, Granite City; three brothers, Berry Ebert and Calvin Bilyeu, both of Cerro Gordo, Ill.; and Carney Bilyeu, Highland, Ill.; five grandchildren and three great-grandchildren.

Funeral arrangements are given in the obituary column.

## Clothing-furniture center at new site

The United Way Community Services clothing and furniture exchange has been relocated to 1254 Niedringhaus Avenue, ac-

cording to Tri-Cities Area United Way President Paul J. Costello.

The new location of the clothing and exchange

program, adjacent to the Coordinated Youth Services, will provide more centralized access to assist families in need, and will better utilize the existing storage space at the Granite City Army Installation in the Quad-City area.

Hours of operation of the clothing and exchange are Monday-Friday 9 a.m. to 5 p.m. Appointments may be made by calling 876-8430.

Those wishing to deposit good, usable clothing and household items for distribution to people in need may do so at 1254

Niedringhaus, at 486 Madison Ave., Madison, and 3308 Lake Drive, Pontoon Beach.

"During the previous ten months, over 1,300 individuals have been assisted through the clothing and furniture exchange program. Response from the community has been outstanding in obtaining nearly new clothing. As the summer months approach, many more children and young people will need clothing to enable them also to participate in summer activities," Costello said.

## Protestant Welfare aids 37 area people

A review of the expenditures to aid area residents during the month of March was the main topic of discussion at a meeting of Protestant Welfare, Inc.,

held Tuesday evening at Burn's Cafeteria.

Mrs. Norma Petty, office secretary, reported the association had 20 cases involving 37 persons that included seven new, eight recurrent and five incidental cases for a total amount of \$500. In addition there were five orders of clothing, shoes and canned goods taken from the storeroom at an estimated cost of \$27.

Thirty-five members attended the 6:30 dinner followed by the business session conducted by George Hopkins. Mrs. Minnie Dillard, secretary, read her report and Roy Lynn discussed the building repairs and funds received by the United Way.

A budget review was submitted by Orville Ganz.

## Fewer seeking directory help

Calls to directory assistance in February dropped significantly for the second month in a row, according to a report Illinois Bell filed with the Illinois Commerce Commission during the weekend.

Calls to directory assistance in February were 18.8 percent below those of a year ago. During January, the first month of the plan, calls to directory assistance were 10.37 percent below those made in January 1978.

Illinois Bell customers received \$900,735 in credits during February as part of the plan. The 25-cent credit for each main telephone line is given each month to residential and most business customers, regardless of the customer's directory assistance usage.

About 10 percent of residence customers and about 14 percent of business customers received charges on their bills during February for making more than eight calls per line to directory assistance.

The company billed almost 276,000 residence customers \$612,000 and billed 52,000 business customers \$350,000.

February was the first month customers were billed for calls exceeding their allowance.

The company's directory assistance charging plan, approved on a two-year experimental basis by the Commission last November, became effective with billing dates on and after Jan. 4, 1979.

Crediting of customers' bills began with Jan. 4 bills. A credit of 25 cents per main telephone line per month is given to each residential and business customer with the following exceptions: the credit does not apply to Centrex customers, PBX lines, coin lines, hotel, motel and hospital lines.

The directory assistance charging plan allows residence customers and most business customers eight free calls to directory assistance during each monthly billing period. Customers are charged 20 cents for each call over the eight-call-per-line allowance.

The company began counting calls on billing dates on and after Jan. 4th.

Charges for excess calls appeared on bills dated Feb. 4 and thereafter.

Illinois Bell expects to report a further drop in the volume of calls and in the number of customers and the amount billed during March. The March report on directory assistance charging will be filed with the commission by May 15.

The February monitoring report submitted to the commission included the following statistics:

- Directory assistance calls made within the 312 area code (roughly the Chicago metropolitan area) dropped 22.3 percent from 16,870,580 in February 1978 to 13,120,076 in February 1979.
- The total number of calls handled by directory assistance throughout Illinois Bell territory dropped 18.8 percent from 24,528,056 in February 1978 to 19,925,088 in February, 1979.
- Residence customers received credits totaling \$766,872 in their February bills. Credits received by residence customers in January and February total \$1,461,728.
- Business customers received credits totaling \$133,862 in their February bills. Credits received by business customers in January and February total \$256,119.
- The total directory assistance charging plan credit applies to Illinois Bell customers' bills during February was \$900,734.
- Credits received by Illinois Bell customers in January and February total \$1,717,848.
- Illinois Bell billed 276,777 residence customers \$612,579 in February for calls exceeding the eight-call allowance.
- The total amount billed to both residence and business customers during February was \$962,852.

## Whitsell is urged to attend more meetings

Attendance by Madison County Board Member Louis Whitsell at county board meetings and county committee meetings was discussed by the Democratic precinct committeemen of Nameoki Township during a committeemen's meeting Monday evening at the Pizza Pit Restaurant in Pontoon Beach.

Committeemen were urged to contact Whitsell and encourage increased attendance. Mrs. Helen Hawkins, Precinct Five committeeman, said Whitsell has attended only one of the last six monthly county board meetings and has missed 22 meetings of the county's land use committee since the pay of some board members, including Whitsell, was changed to a flat salary from per diem (meeting pay).

"We want him to attend these meetings. We are not being paid to represent this district," he is," Mrs. Hawkins stated after the meeting.

Whitsell has said a promotion at the St. Louis tool and die manufacturer

for which he works has required him to be at work most days and he has been unable to attend county board meetings which begin at 9:30 a.m. the third Wednesday of each month in Edwardsville. He was present at the only meeting held in the evening, it was noted.

He said his attendance at the special sewer committee meetings has been good, since the committee meets in the evenings, but the land use committee has been meeting in the day time and he has been unable to attend most of the meetings.

In other business, the committeemen discussed progress of sanitary sewer installation work. Mrs. Hawkins said she has found the contractor, S.M. Wilson & Co., to be very cooperative and to work with property owners affected by the construction.

The nine committeemen who were present agreed that "unity and friendship" should be worked for after the Pontoon Beach election, which was held Tuesday.

## Spring carnival on Friday

All types of favorite characters and clowns will be on hand Friday night when St. Mary's PTA holds its second annual "spring carnival" at St. Mary's Parish Hall, 10th Street and Washington Avenue.

Activities will begin at 5 p.m. and continue until 9 p.m., according to Georgann Krakowiecki, project chairman.

Among the featured events will be local magician Brian Ballard, who will present two magic shows. A film, "Football: Cardinal highlights of 1978," will be shown.

Games, a used toy shop, food and beverages, together with carnival booths and arts and crafts, will be part of the entertainment.

Makeup artists will transform children's faces into clown masks or their favorite "Kiss" performer, the chairman noted.

The public is being invited to attend the carnival.

**FRIENDLY CREW.** A few favorite people of youngsters get ready to greet youthful and older patrons at St. Mary's Parish Hall, starting at 5 p.m. Friday, for the PTA "spring carnival." From left to right are Deloris Brinker, Teri Childers, Carol Robertson, holding sign, Louise Kern and Georgann Krakowiecki.

## Prather spring concert

The Prather Junior High School Band under the direction of Mrs. Mary Ann Davis will perform its annual spring concert Monday, April 23, in the Prather gymnasium at 7:30 p.m. The concert is open to the public and admission is free.

Featured numbers will be "Variation Overture" by

Clifton Williams, "I Write the Songs" arranged by Warren Barker, "Gonna Fly Now" arranged by Robert Lowden and "Instant Concert" by Harold Walters.

Featured soloist of the evening will be band member Bonni Burns playing a flute solo, "Allegretto" by Benjamin

Godard. Cathy Sandall, Bonni Burns and Debbie Wedel will form a flute trio for "Galway Pipers" by Clarence Hurrell.

Paula Chonister, Laura Bruce and Mike Abbott will play a cornet trio, "Three Cadets" by F. H. McKay. Piano accompanist for the evening will be Mrs. Alicia Popilchak.

## Ambulance backboards aid patients

At a saving of nearly \$1,700, Granite City firemen, emergency medical technicians and fire department employees have made 18 new ambulance backboards, four smaller brace boards and a limb-bracing board for use in Granite City Fire Department ambulances.

The new backboards have the latest features which enable injured patients to remain on the same board from an accident scene through the emergency room and X-rays and directly into surgery, if necessary.

The boards have hardwood surfaces of oak and birch for added strength and increased service life and contain several innovations to make them more effective.

The undercarriage of each is assembled with aluminum screws so they will not show on X-rays and will not rust.

Pins through openings in the backboards are specially designed so that seatbelt-like securing belts can be rapidly fastened and tightened to secure patients to the backboards in a minimum amount of time.

Clear epoxy-type coatings on each offer a smooth and clean surface, making them easier to slide under patients and prolonging the service life of each backboard.

Each board carries identification wording silkscreened on the wood which indicates the boards belong to the Granite City Fire Department and which warn that anyone taking a board will be prosecuted. EMTs and firemen who worked on the backboards were Matt Gasparovic, Tom DeVrieze, Jim Monaghan, Tom Carmody and Mike Richardson, aided by Frances "Cookie" White, a man power office supervisor.

Total cost of materials to make the boards was about \$600. To purchase the 23 boards would have cost \$2,299, it was estimated.

## Year of the Child Festival Saturday

International Year of the Child will be commemorated by day-long festivities at the Tower Lake Commons Building at Southern Illinois University at Edwardsville on Saturday.

The day will begin with a presentation by the National Theater Project Company at 10 a.m. "Jesse James' Cavern," a children's participation play involving Western culture and American folklore, will be presented in the lounge area of the building.

Iranian classical piano music will be performed by Saeed Salehi from 1 to 1:30 p.m., also in the lounge area. Cultural dancing will be featured in two outdoor presentations: The Boots 'n Slippers Square Dancers will perform from 2 to 3 p.m., and

the Chinese Dragon Dancers will perform from 3:30 to 4 p.m.

Continuous activities, occurring throughout the day in the Commons Building, will include international film and music series; display booths and tables of artifacts, costumes and exhibitions; a UNICEF display and sales program; and popcorn sales.

All-day recreational activities will include volleyball, soccer and kite flying. A free lunch of all-beef hot-dogs and drinks will be served from 12 to 2 p.m.

The International Year of the Child is being sponsored worldwide in 1979 by the United Nations and marks the 20th anniversary of the UN General Assembly's adoption of the "Declaration

of the Rights of the Child," which states the basic rights of all children of the world.

Chairman of the U.S. National Commission promoting the year's activities, Jean Young, wife of Ambassador Andrew Young, describes it as "a long-range preparation for the future of our children. We hope to create an atmosphere where people are more loving toward their children."

The Tower Lake event was planned "to make children more cognizant of the international community," according to Margaret

Hunt, Tower Lake Parents' Council president.

"We want to try to represent all countries on campus," she said, "with children coming to the activities dressed in costumes from various countries. We hope to incorporate community spirit with this project."

The public is being invited to attend the Tower Lake activities free of charge. For further information, interested persons may contact Karen Tlathalski at 692-2362 or 692-2365.

## Rail crossing upkeep hearing

The Illinois Commerce Commission will hold a hearing concerning the railroad crossings in Madison on Thursday, May 3, at 1 p.m. in the Madison City Hall.

Madison Mayor Mike Sasyk, the Madison City Council, and City Attorney Casper Nighossian have been trying for the past several years to have the Madison railroad crossings maintained in a different manner than has been the pattern.

The crossings in question are at State Street, Grand and Madison Avenues, Iowa and Washington Streets.

At the meeting will be representatives from the Illinois Terminal Railroad, State of Illinois Department of Transportation, Madison City officials, plus witnesses Madison Civil Defense Director Casimir Krakowiecki reported a poison safety clinic would be held on Thursday, May 3, in the Madison Memorial Center beginning at 7 p.m.

Building Inspector Curtis King suggested a structure at 910 Madison St. be condemned. The matter was referred to the legal department.

In other action the council approved paying \$479, plus legal cost, to George Krpan, for damages done to his auto during the winter snow removal. The city snow plow backed into Krpan's auto.

An agreement for the State of Illinois Department of Transportation to maintain all the city's electric traffic signals, except for Third Street and Madison Avenue, was approved. The only cost to the city would be for the electricity.

The council approved payment of \$875 for the election judges.

**SOFT-SHOE REHEARSAL.** Granite City High School North vocal music students practice a soft-shoe dance in preparation for the spring concert on Monday, Apr. 23, being held in the school cafeteria starting at 8 p.m. Students from the left are Laura Howard, Shelly Pohlman, Laura Chappell and Shannon Boyles.

## Tops in Pops spring concert

The Granite City High School North vocal music department will present its annual spring concert on Monday, April 23, at 8 p.m. in the North cafeteria.

This year's concert is entitled "Tops in Pops" and will include popular tunes from the 1920s to the present. Popcorn and soda pop will be served before and after the concert.

Among the numbers to be performed are a medley of 1920s tunes — "I Want to Be Happy," "I'm Looking Over a Four-Leaf Clover," "Carolina in the Morning," "Bye Bye Blackbird," "Charleston," "Tea for Two" and "Hallelujah." Featured dancers for the Charleston are Todd Browning and Julie Schrenk. Shannon Boyles, Laura Chappell, Laura Howard and Shelly Pohlman will be dancing the soft shoe to "Tea for Two."

A medley of Elvis Presley hits, "Love Me Tender," "You Don't Have to Say You Love Me," "Blue Suede Shoes," "Hound Dog," "Crying in the Chapel," "All Shook Up," "Teddy Bear," "Don't Be Cruel" and "Can't Help Falling in Love" will be sung by the Sixth Hour Mixed Chorus with guitar and drum accompaniments by Joe Bolt, Wayne Miles and Les Kee. Contando will sing "Make Someone Happy," "I'll Walk With God," "You've Got a Friend" and "You Light Up My Life."

Girls Glee Club will sing a medley of Broadway tunes such as "Hello, Dolly," "If He Walked into My Life," "Put on a Happy Face," "Hey, Look Me Over," "Once Upon a Time" and "Mame." The Madrigals will perform "Proud Mary," "Music Makes My Day Seem Right," "Stayin' Alive," with a disco dance performed by Todd Browning and Cathy Howard, and the final number of the concert, "Commercials! Commercials!" The choruses are under the

direction of Mrs. Gail Mueller.

Tickets can be purchased from any vocal music student or at the door. Student tickets are 75 cents and adult tickets are \$1.

Refreshments will be served at 7:30 p.m. and will also be provided after the concert. Pianists for the concert are Connie LaVelle and Cindy Edwards.

### Senior citizens plan events

The More the Merrier Club held its regular business meeting last week at the Granite City Township Senior Citizens Building with President Grace Padlock presiding. Ruby Corbitt, chaplain, led the prayer, and the pledge to the flag was said in unison by the group.

Edgar Padlock reported on coming activities at the center. He announced that blood pressure testing will take place on the first and third Wednesday mornings, and rules of the read classes will be every third Wednesday and Thursday, beginning at 9 a.m.

Senior Olympics will be held in September in Springfield, it was noted. "Older American Activities Month" will take place in May, Padlock announced. Mrs. Padlock said card games will be held every Tuesday and Friday at 1 p.m.

Mrs. Verna Spurrier, sunshine chairman, sent cards to Georgina Teller, Bill Brate, Emma Goble and Mae Findley, who were ill.

A dessert luncheon was served to 39 members and one guest, Jess Brumigan. Birthdays were celebrated by Lester Thelle, Lena Harmsen and Charles Kelly. Games were played and prizes were awarded to Florence Ashal, Rosemary Breyer, and Lena Brumigan. The president announced that a potluck will be held April 26.

## Hazel Smith will retire in Venice

The retirement of Mrs. Hazel Smith, home economics teacher at Venice High School for the past 35 years, was accepted with regret by the Venice Board of Education at its meeting Thursday night.

After reading Miss Smith's letter referring to her pending retirement at the end of the current school term, Supt. of Schools Robert N. Vickers commented, "Personally, I will miss her very much. She has been a strong teacher and a good supporter."

The resignation of Stanley Williams, a sixth grade teacher hired at the start of this school year, was accepted by the board, effective April 16. Williams has accepted a position with the St. Louis Social Service Agency.

Hired until the conclusion of the present school year were Miss Terri Eck, a Venice High School graduate who will fill a second grade position left open from the

prior resignation of Betty Townsend, and Dagmar Davis, a sixth grade teacher, who has been a substitute in the system for the last year.

Wilbert Glasper served as board president pro tempore in the absence of Jack Tolliver, and George Wade acted as secretary, replacing Glasper.

It was agreed to hire two senior volunteers, Everett Latham and Esther Gardner, from the RSVP program sponsored by Belleville Area College.

Mrs. Gardner will work in child care and food service and Latham will assist maintenance and custodial personnel.

Under the program, each can work a maximum of 20 hours per week and their service is at no cost to the school district, Supt. Vickers advised.

It was agreed that members of the board's personnel committee will meet this week to interview a prospective Manpower

worker who is qualified to drive a school bus.

Rosemary Cooper and Isabel Matkins were appointed judges for the Belleville Area College election held Saturday.

Venice Local 965, American Federation of Teachers, asked the board by letter to start negotiations toward a new two-year contract. Members agreed to start the negotiating sessions after the school election, a similar answer to a request by Building Services Employees Local 96 reported at the last meeting.

The accounting firm of C. J. Schlosser and Co. Alton, again was retained to audit the district funds at a fee of \$1,200.

The firm also will audit Venice-Lincoln Technical School accounts at a cost of \$600, the Title I program for \$550 and Title VII at a cost of \$650. The latter three expenses will be reimbursed by state funds, Vickers said.

A bid of \$10 from Tom Voloski Catering Service was accepted for an electric dishwasher that has not been used for more than a year. Bids were sought for the same equipment last year and none was received, Supt. Vickers noted.

### PACEMAKER PROBLEM WITH SOME RADIOS

The Illinois Department of Public Health has issued an alert to all users of external pacemakers that the devices may temporarily stop pacing when near a transmitting radio. In light of the findings, the staff made the following recommendations to users:

(1) Read and understand the service and operational manuals for the device prior to use, and (2) contact the manufacturer to ascertain the susceptibility of the device to high-level radio frequency interference and electro-magnetic interference, and enter any necessary information on one's medical alert bracelet or necklace.

# A. O. Smith and Automotive Division announce promotions

A. O. Smith Corporation has moved to diversify and expand its senior management ranks by electing an executive vice president, three senior vice presidents and three new vice presidents.

In addition, the board of directors approved the

formation of two new operating divisions to expand the company's participation in the electric motor industry.

L. B. Smith, chairman and chief officer, said the board acted to strengthen the top management team in response to the rapid sales

and earnings growth experienced in the last several years. Sales of continuing operations in 1978 were \$806,326,000, with profits of \$27,012,000.

James E. Borchert, 62, formerly group vice president, corporate staff service, was elected executive vice president, the third highest ranking position in the company.

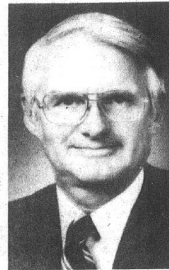

In this new position, Borchert will be responsible for the company's Automotive Division and A. O. Smith-Inland Inc., a 50 percent-owned affiliate.

Picked to fill Borchert's job, with a new title of senior vice president, corporate staff services, was David H. Stieber, 54, formerly vice president and general manager of the Automotive Division. He will now have corporate responsibility for manufacturing and engineering, research and development, employee relations, marketing, purchasing and traffic, international operations, and merchandising and public relations.

Electing senior vice presidents were John M. Richardson, 58, who had been vice president and general manager of the Electric Motor Division, and

JAMES BORCHERT

DAVID STIEBER

ROBERT RIETZ

JOHN RICHARDSON

PAUL J. KEMP

Robert A. Rietz, 54, vice president, finance, and the company's chief financial officer.

Elected a vice president and named general manager of the Automotive Division was Paul J. Kemp, 57, who had been director of operations for the division. Smith said Richardson, who will be responsible for the new Motors Group, and Stieber have both been named to the company's planning and operating committees. Rietz, whose

duties remain unchanged, and Borchert are already members of the committees.

The new Motors Group will be composed of three operating units, Smith said. A. O. Smith Electric Motors (Ireland) Ltd., which manufactures hermetic motors for sale in the Common Market, will report directly to Richardson.

Two new units are being formed and will be headed by newly elected vice presidents, both of whom will report to Richardson.

The two units currently operate as a single entity named the Electric Motor Division.

The Hermetic Motor Division, which would have annualized sales in the area of \$65 million will be headed by John H. Donnelly, 50, who had been director of marketing for the former Electric Motor Division for the past 12 years.

A third unit in the new group will retain the name, Electric Motor division, and heading that organization will be Robert J. O'Toole, 38, who had been general plant manager of the group's largest facility in Tipp City, Ohio.

The Hermetic Motor division will produce motors for sale to air-conditioning and refrigeration manufacturers. The Electric Motor Division will specialize in production and sale of fan, blower and jet pump motors used in water pumping and air movement applications. Annualized sales of the new Electric Motor Division will be in the vicinity of \$35 million.

All the changes are now effective, Smith said.

The board of directors of A. O. Smith Corp. declared a regular quarterly dividend of 35 cents per share of common stock, payable May 15 to shareholders of record April 30.

A. O. Smith's new executive vice president, James E. Borchert, 62, has spent nearly his entire business career with the company, rising from management trainee to the third highest ranking position in the big Milwaukee-based firm.

Throughout his career he has also played an active role in community affairs, serving on numerous boards and helping raise funds for many Milwaukee area charitable organizations. He will have responsibility for the company's Automotive Division and A. O. Smith-Inland Inc.

He had been group vice president for corporate staff services, responsible and public relations manufacturing and engineering, employee relations, and research and development.

The Automotive Division is the nation's largest manufacturer of automobile and truck frames and is the largest single operating unit within the company. The division had sales in 1978 of \$481 million. A. O. Smith-Inland manufactures reinforced plastic pipe for the petroleum, chemical and industrial markets, and last year its sales amounted to \$18 million.

Borchert joined A. O. Smith in 1939 following graduation from the University of Wisconsin with a degree in commerce. He worked at several manufacturing and financial assignments before moving to the Harvestore division (now A. O. Smith Harvestore Products) where he became general manager in 1962.

David H. Stieber, new senior vice president, brings a rich management background to his new post as head of corporate staff services.

A graduate electrical engineer who also earned a master degree in business administration, Stieber has been involved in product and application engineering, sales, quality control and general management.

Since 1971 he has been vice president and general manager of the Automotive Division, which has plants in Milwaukee and Granite City, 8,000 persons and in 1978 produced 2.2 million passenger car frames and 1.6 million truck frames.

Stieber began his career at A. O. Smith in 1949 following graduation from Northwestern University with a degree in electrical

engineering. He first joined the Electric Motor Division as a sales and application engineer.

He became part of the Automotive Division sales department in 1951, moving steadily upward until in 1960 he was named assistant chief product engineer and later that same year became director of sales, product engineering and quality control.

Stieber was elected a vice president of A. O. Smith and named assistant general manager of the Automotive Division in 1967, remaining in that post until becoming general manager in 1971.

Former Granite Cityan Paul J. Kemp, as vice president and general manager of A. O. Smith Corporation's giant Automotive Division, replaces Stieber in that post.

In his new position, Kemp will have general management responsibility for the nation's largest manufacturer of automobile and truck frames.

In addition to the plants in Milwaukee and Granite City, ground was recently broken for construction of a third plant in Milan, Tenn. Kemp, 57, considered one of the most knowledgeable automotive structure manufacturing executives in the country, joined A. O. Smith in 1947 after earning a

mechanical engineering degree at Marquette University in Milwaukee.

His first job was as an hourly handyman. In his years at A. O. Smith, Kemp has held such positions as time study engineer, supervisor, general supervisor of various production and service areas, superintendent of production planning, manager of the bomb in plant, and superintendent in all product lines.

In 1966 he was named manager of the division's plant in Granite City.

He remained here until 1971, when he was moved back to Milwaukee as director of automotive manufacturing and services.

In 1977, he was named director of operations for the Automotive Division, the post he is leaving to become vice president and general manager.

Active in civic affairs throughout his career, Kemp also has continued his education, attending a variety of management-related courses, including the Middle Management Program at the Harvard Graduate School of Business.

Kemp will report to Borchert, general manager of the Automotive Division from 1965 until his election as group vice president in 1971.

# Construction safety applauded

The Southern Illinois Builders Association held its seventh annual safety awards program at Fischer's Restaurant in Belleville.

Eleven safety awards and one special award were presented in an evening that featured guest speakers from the Illinois construction industry. Special keynote speaker was Dan Dierdorf of the St. Louis football Cardinals.

SIBA Board President Byron Farrel acted as master-of-ceremonies and introduced Al Imle, legislative counsel for the Illinois Construction Industry Committee.

Imle provided the 200-plus audience with an update on legislation concerning the construction industry in the state.

Presentation of safety awards was handled by the chairman of the Safety Committee, Tim Docter.

The Spot Club Award, presented by the Southern Illinois Builders Association in recognition for wearing safety head protection that prevented a serious injury, went to Thomas Waghorn, a member of Steamfitter Local 439 of East St. Louis.

The award for the most improved contractor in the safety program went to J. J. Wuellner & Son, Inc., of Alton, which reduced its incident rate from 28.03 to 6.72.

Nine firms were presented with awards for maintaining an accident incident rate of 5.0 or lower throughout the year. These firms included: J. J. Altman & Co., East St. Louis.

Bollmeier Construction Co., Marissa, Ferd Ganschinitz Builders, Inc., Belleville, Smiley Homes, Inc., O'Fallon.

Edward Taylor Construction Co., Vandalia, A-C Contracting Co., Collinsville, Litchfield Bituminous Corp., Hillsboro, Charles E. Mahoney Co., Belleville.

W & O Contracting, Inc., Centralia.

Four other corporations will receive the same award next month in ceremonies at Mitchell Contracting Co., Vincennes, Ind.

E. H. Montgomery Construction Co., Vincennes, Ind. Robert L. Morgan

Builders, Inc., Murphysboro, Three Star Construction Co., Marion.

A special award was presented to Harry Niemann, vice-president of Luhr Bros., Inc., of Columbia. Niemann has served as chairman of the Safety Committee since its inception seven years ago. It has sought to become "a source of instruction, information, and general awareness of the need for safety procedures in the construction industry."

The SIBA is the only trade association to have received the National Safety Council award for the last five consecutive years.

## School board retains officers

Granite City School Board members on Tuesday night decided to retain as their officers for the 1979-80 year President Donald Stucke, Secretary George Moore and Treasurer Stephen Saltich. The latter's term extends to June 1981.

In unanimous voting after the seating of David Partney as a board member, the board also chose to retain William Schooley as school attorney and Harold Baker as negotiating attorney.

**Hole in yard is a mystery**

Wesley Thompson, 3008 Myrtle Ave., was standing in his back yard one day this week when he heard a noise and turned to watch as part of his yard just disappeared. A circular depression, measuring about 10 feet across and 4 feet deep now exists where before only

grass grew. Thompson said that the street department had told him that the hole was most likely caused by a collapsed drain from an old septic tank. Authorities said they will investigate the matter further.

The board secretary's salary will continue to be \$890 a year.

Representing the board on the Quad-City Special Education Region Board will be Dewey Melton, with Thomas Miosky as alternate. Moore will serve on the Southwestern Division of the Illinois Association of School Boards and Stucke on the Large School District Council of Illinois, with Saltich as alternate.

Area Vocational School representative will be Partney, with Saltich as alternate, while Saltich will represent the board on the

Citizens Advisory Council, with Monroe Worthen as his alternate.

Title I Advisory Council member will be Partney and Melton will be alternate.

Policy Committee members will be Stucke, Melton and Miosky, plus Worthen as alternate. For board representation on negotiating committees, Worthen and Moore will deal with certificated personnel, with Melton as an alternate, and Miosky will handle non-certificated personnel talks, with Partney as alternate member.

## Eagle Park residents choose Rhodes, Smith and Salmond

At a meeting of Eagle Park residents Tuesday night, three men were nominated to serve as trustees of a new fire protection district that was authorized by voters in Saturday's referendum.

The residents selected Clarence Rhodes, 125 Carver St., Herman Smith, 201 Terry St., and Ed Salmond, 93 Hill St., to be recommended to the Venice Township Board of Auditors as trustees.

Currently, Rhodes is serving as Eagle Park Fire Protection District Committee president, and Salmond is chairman of the Eagle Park Action Committee.

Those at the meeting also voted to notify the Venice township officials that \$45,000 will be sought from a \$79,000 Community Development Fund grant to establish the fire protection district.

Furthermore, the residents will ask that \$30,000 of the total amount be reallocated to initiate a program to construct new

homes for resale under a not-for-profit plan, and \$4,000 to be transferred to the Eagle Park Improvement Association for use in rehabilitation of Steele Community Park, located in the unincorporated area.

Action on the appointment of the new trustees may be taken at the town board's next meeting, a spokesman advised.

## Rev. Wintermeyer succumbs at age 92

The Rev. Henry H. Wintermeyer, 92, of 2659 Delmar Ave., pastor emeritus of St. Peter Evangelical United Church of Christ, died at 11:45 p.m. Tuesday at Deaconess Hospital, St. Louis, where he had been a patient for two weeks.

He was pastor at St. Peter Church here from 1932 to 1954, and was accorded special honors at the church in June 1975 on his 65 years as an ordained pastor.

Rev. Wintermeyer received his early education in Hartsburg, Mo., and he entered college at age 17. He graduated from Elmhurst Academy and Elmhurst College in 1907 and from Eden Seminary in 1910.

He was ordained into the Christian ministry at Hartsburg on June 19, 1910.

Born on June 22, 1886, in Westfalla, Germany, he came to this country at the age of six with his parents, three brothers and a sister, now all deceased.

The pastoral charges and congregations he served were in Colby, Kan., 1910-12; Farina, Ill., 1912-1921; Pana, Ill., 1921-1932; and Granite City starting in 1932.

Especially interested in the young people of the community, he organized a Youth Program of the Illinois District and served as vice-president of the South Illinois District. He was treasurer of the Board of Pensions and Relief for the denomination from 1932 to 1941.

Rev. Wintermeyer was elected by the Southern

REV. H. H. WINTERMEYER

Illinois conference nine times as delegate to the General Synod.

During Rev. Wintermeyer's pastorate at St. Peter, the record shows that he confirmed 276 children and adults, baptized 307 children and adults, married 176 couples, conducted 220 funerals and received 342 new members into the church.

His wife, Mrs. Katherine (Voss) Wintermeyer, died April 11, 1961.

Survivors include one daughter, Miss Leona Wintermeyer of Granite City; a sister-in-law, Miss Ellen Voss of Granite City; and nieces and nephews. Funeral arrangements are given in the obituary column.

**DAMAGE APARTMENT**  
Vandals caused considerable damage to a bedroom, bathroom and kitchen in a vacant apartment in the 2100 block of Adams Street, police were told at 12:30 p.m. Monday. Nothing is believed missing.

**Common elements are part of 'condo' living**

Not having to shovel snow, cut grass or spend weekends doing the multitude of maintenance chores that accompany traditional homeownership is an attractive proposition for many people. As a result, the condominium is becoming an increasingly popular form of homeownership.

However, condo living is not without its own brand of responsibilities. According

to the Illinois State Bar Association, most people who own condominiums own more than just the unit they live in.

In addition to owning their apartment, they also own, as tenants in common with the other owners, all common elements of the condominium property.

Common elements may include land, foundation, main walls, roofs, hallways,

lobbies, stairways, elevators and laundry and recreational facilities.

The percentage of ownership interest in the common elements allowed to each unit is based on the value of each individual unit in relation to the value of the property as a whole.

The percentages, once determined, remain constant unless changed by agreement of all unit owners.

While management of the common elements is the responsibility of a condominium association or board of managers, it is the responsibility of every unit owner to pay his or her proportionate share of the expenses of the condominium, and any assessment deemed necessary by the board for the common maintenance.

Such expenses might include those incurred in administration, maintenance and repair of the common elements.

Each of the unit owners is liable for these expenses in the same ratio as their percentages of ownership in the common elements.

Nonpayment of a proportionate share of the expenses or assessments can result in a lien on the interest of the unit owner and even possible termination of ownership.

One common expense item which is said to deserve individual mention is the

expense associated with insurance as it relates to the common elements.

In the past, the boards of managers of condominiums had a duty to provide for insurance against fire loss or damage or other such hazards.

According to the State Bar, there have been recent changes in the law which extend the duty of the boards of managers of condominiums to provide also for comprehensive public liability insurance against claims and liabilities arising in connection with ownership, existence, use or management of the common elements.

The managers have the authority to designate the insurer and to accept, as trustee, any insurance proceeds. Premiums for the insurance purchased are, by statute, a common expense.

The ISBA is advising anyone who is considering buying a condominium to pay special attention to provisions found in the contract, by law or declaration relating to the common elements.

The percentage of the common elements you will own — and what that means in terms of financial obligations above and beyond the price of the individual unit — should be understood before making a decision to purchase a particular condominium, the ISBA concludes.

**Chase ends in nine charges**

After allegedly being pursued by police officers in the area of Edwards, August, East 24th and Hodges, Roger L. Taylor, 19, of 2261 Lee Ave., was arrested and charged with eight traffic violations and resisting arrest during the weekend.

An officer in a squad car said he first observed a car pass two stop signs on August Street at East 24th and Edwards streets and drive in a reckless manner

along Edwards and Kate streets.

The vehicle was pursued and then seen in an alley with the headlights turned off, but the driver allegedly drove away again until the vehicle was halted near a church parking area in the 2500 block of East 25th.

The man was handcuffed, and allegedly refused to enter a police car until forced to do so.

Taylor was charged with resisting arrest, attempting to elude police, reckless driving, two counts of driving the wrong way on a one-way street, and disobeying four stop signs.

He was released later the same night, after posting a \$135 cash bond, to appear May 18 for a hearing.

**Post Chouteau budgets Monday**

Tentative budgets for Chouteau Township funds will be posted Monday morning at the town hall, behind the Midwest Motel. Budgets to be posted and kept on public display for 30 days are for the town fund, general assistance, federal revenue sharing and anti-recession fiscal assistance funds.

The tentative documents were completed by the Chouteau Town Board of Trustees at a special meeting Monday night and have been sent to the township's attorney to be checked before posting.

## Operations returning to normal at medical center

Officials at St. Elizabeth Medical Center reported today that operations are returning to normal following the April 11 flooding and power outage during a serious rainstorm. The storm flooded the basement, knocking out electricity to the entire hospital, ruining the computer section and causing extensive damage to the laundry and central supply areas.

A temporary plywood door from a construction area to the basement gave way

under a wall of water which had accumulated in the construction area and allowed water to accumulate to a depth of about three feet in the medical center's basement.

Cleanup operations have continued since the incident and power was restored by Friday, April 13. A slight setback was experienced Tuesday when a water pipe in a construction area broke and the electricity to parts of the main floor, including medical records, credit and the Reese Drug store, had to

be turned off as a precaution for about two hours.

A spokesman for the hospital said the main computer is probably ruined, but a temporary computer terminal, linked to the main computers at McDonnell-Douglas Aircraft in St. Louis, is being used.

The former computer system stored several days worth of data at the medical center and then entered the data in the McDonnell-Douglas computer, so converting the system to a terminal loaned St.

Elizabeth by McDonnell-Douglas after the flooding has caused few major problems.

Data now has to be hand-punched and manually fed into the computer terminal for transmission to McDonnell-Douglas, it was explained. Some delays in billing are anticipated, but no data has been lost, the spokesman added.

It is hoped a new computer can be constructed and placed into operation within three to four weeks, according to the official statement.

Cleanup in the laundry room is continuing and it is hoped the laundry can be operating normally by this

## Extensive GC street repairs are needed, council is told

Granite City streets have an estimated 37,500 potholes in oil and chipped streets and 12,500 joints in concrete streets with damage due to weather and usage. A joint survey by Street Superintendent Lionel Portell and Highway and Traffic Engineer Edward T. Schulze, informed the Granite City Council Tuesday night.

In response to the report, the council agreed to release a \$15,000 emergency appropriation to aid the street

department in repairing potholes and to complete a clean-up program of limbs and debris in the streets.

It was the second \$15,000 appropriation the council has given the street department since this winter for pothole repair and removal of tree limbs in the streets.

In presenting the report on the road condition to the council, Portell said the study is only in its preliminary stages, but shows a definite need for street repairs immediately.

"We have refilled and refilled potholes, but with the prolonged rains, they were not lasting programs were in effect then. The city inspection and engineering departments now do inspection and concrete testing when streets are poured, particularly in subdivisions where the streets will be decided to the city's preference when completed, Brewer explained.

## Service awards to 5 Quad-Cityans at local university

Twenty-seven retirees will be honored Monday, April 23, at the ninth annual service awards and retirement banquet at Southern Illinois University at Edwardsville.

The banquet, scheduled to begin at 6:45 p.m. in Meridian Ballroom in the University Center, will feature the presentation of a distinguished service award, and special entertainment by the Old Guys Jazz Band.

Rudy Wilson, professor in the department of secondary education of the School of Education, will be master of ceremonies.

Recipient of the distinguished service award will be Edward S. Gibal, executive director of the State Universities Retirement System of Illinois, who also will be the principal speaker of the evening. University officials said improvements Gibal has promoted beneficial to all participants in the system.

The awards will be presented by Dr. Kenneth A. Shaw, president of the university.

More than 160 employees who have completed 10 to 20 years of service with the university will be honored at the banquet. Also receiving awards are 31 faculty members who have completed five years of service. Five-year civil service awards were recognized recently at a luncheon in their honor.

Employees who will receive 20, 15 and 10-year awards, listed by hometowns, are:

GRANITE CITY: 15 years — Stephen J. Doroghazi; 10 years — Alvin T. Barnes Jr., Henry L. Borth and Ronald G. Trimmer.

MADISON: 10 years — Violet C. Podnar.

# Rankin heads new state adult—continuing education association

Duane Rankin, director of the Venice-Lincoln Technical Center, was elected the first president of a new state association of adult educators at a conference last week in Chicago.

More than 1,300 attended the four-day series of seminars, workshops and other events at the Radisson Hotel conference headquarters.

Primary business of the meeting concerned the combining of the Illinois Adult Education Association and the Public Adult and Continuing Educators of Illinois into a single entity.

The result was the formation of the Illinois Adult and Continuing Educators Association, Inc., and the election of Rankin as president.

Membership in the new IACEA is open to basic classroom teachers, administrators, college faculty working in post secondary technical levels and community college faculty members.

All memberships issued prior to April 1980 will be designated as charter memberships, Rankin explained.

In addition to Rankin, other new officers of the association include: Simon Roberts, president-elect, from Blackhawk Community College in Moline; Kay Havertkamp, secretary, Northern Illinois University at DeKalb; and Alfreña Hampton, treasurer, principal of the Night High School at Lincoln High School, East St. Louis.

The state is divided into five regions with each region allocated two board members, Rankin said.

The Quad-Cities are located in Region 5 and elected to the board from this vicinity are Valerie Meyer from Venice-Lincoln Technical Center and Pat Orsburn from the Cairo Adult Center.

Now in his 11th year as administrator of Venice-Lincoln Technical Center, Rankin was appointed to the State of Illinois Advisory Council on Adult, Vocational and Technical Education in 1975 by Governor James H. Thompson. Initially, he was appointed to the same state advisory group by former Governor Dan Walker in 1978.

"Adult educators in other states look toward the programs in Illinois as a fond dream they hope to attain," he noted.

The Venice-Lincoln Technical Center has expanded over the past 11 years

to include many programs formerly not available to adults living in this area.

In the past three or four years, a \$200,000 machine shop, auto mechanics department and welding shop have been added to the local facility.

In addition to the

programs at the center, Venice-Lincoln faculty also conducts programs outside the confines of the building on South 4th Street, Venice.

A new program is being conducted at the Granite City Army Installation where classes in "English as a Second Language" are

being taught military dependents and others.

Those in the course include people from Thailand, Korea, Italy and Spain, Rankin said.

The new association president has been a teacher for the past 23 years and was shop teacher at Venice grade

school and high school before the adult vocational center was established.

He and his wife, Ruth, are the parents of four children, Kenneth D. Jr., a December 1978 graduate of Eastern Illinois University, now employed as a sales representative by Del Monte

Foods, Denise, a sophomore at Southern Illinois University at Edwardsville, who also works part-time as secretary at the new Lutheran High School in Wood River.

Pamela, a sophomore at Lutheran High School, and Douglas, an eighth grade

pupil at Trinity Lutheran Grade School in Edwardsville.

The growth of adult and continuing education in Illinois may be reflected in the progress and expansions noted at the Quad-City facility, Rankin commented.

He credits the former Venice superintendent of schools John O. Pier for the establishment of the Venice-

Lincoln school and the support offered the programs by the Venice school board members through the years.

## First-aid instruction

A multimedia first aid class will be offered on Tuesday and Thursday, April 24 and 26, at Faith Chapel Church, Springfield and Ashland avenues, Mitchell.

Mrs. Maxine Duniphan, Red Cross first aid chairman, said classes will be held from 9:30 a.m. to 2:30 p.m. each day.

The course encompasses a total of eight hours and results in participants successfully completing the instruction receiving a Standard Multimedia First Certificate. Mrs. Duniphan said. Those interested may register to attend by calling 931-2714, or 452-7184.

No fee is charged for the instruction, but \$5 is sought to cover the cost of a textbook and related materials, the chairman advised.

Due to the hours of the classes participants may wish to bring a sack lunch, she added.

## Estate plans will be topic

Parents Without Partners, Inc. will hold its monthly meeting Wednesday, April 25, at 7:30 p.m.

The meeting will be held at St. John's Christian Church, Nameoki Road.

Harry Thiel, district representative for the Lutheran Brotherhood Life Insurance Co., will speak on "Estate planning and investing in your future." He is the current president of the Lewis and Clark Life Underwriters Association.

Prospective members, single parents with at least one living child, are welcome to attend the meeting.

# TIGHTENING UP YOUR HOME WILL SAVE FUEL-SAVE ENERGY AND AT THE SAME TIME ELIMINATE CONSTANT PAINTING!

## SAVE MONEY

**YEAR AFTER YEAR  
BY LOWERING YOUR  
FUEL BILLS AND  
ELIMINATING  
CONSTANT  
PAINTING!**

Imagine how the savings mount up! And the color you choose stays as bright and fresh as new for years on end. Just washing your home occasionally leaves it looking freshly repainted. Besides saving money, you have a far better-looking home of greatly increased value, plus a better insulated home for year 'round fuel savings.

### HUMIDIFY CORRECTLY!

A house that is correctly humidified will save fuel and feel more comfortable.

### INSERT METAL REFLECTORS

Use Metal Reflectors to insure a better insulated home for year 'round fuel savings.

### CHECK ALL WEATHERSTRIPPING

Check to see that all weather stripping around doors and windows are snug and that storm windows and doors all fit properly.

### CLOSE ALL WINDOWS & DOORS

When leaving or coming in close all doors right away. Keep the cold out. Don't loiter in open doorways.

**50TH ANNIVERSARY.** Mr. and Mrs. Denby (Ivy) Barr, 2613 Hodges Ave., who are celebrating the 50th year of their marriage this week. They have lived almost their entire married life here.

**Denby Barrs observe  
50 years of marriage**

Mr. and Mrs. Denby (Ivy) Barr, 2613 Hodges Ave., are celebrating their golden wedding anniversary this week.

The couple was married April 17, 1929, in Granite City. They have resided here all but two years of their married life.

A few years ago, the couple owned and operated a confectionary and grocery store in the 2500 block of Washington Avenue.

Mr. Barr retired six years ago from the Granite City School District, having worked for 14 years as custodian at Nameoki School.

Prior to joining the district's custodial staff, he was employed 23 years at the

Nesco plant here. Mrs. Barr was employed in St. Louis some years ago. Both are members of the Church of Christ, 2130 Clark Ave.

Mr. and Mrs. Barr were the parents of a son, Wallace Barr, who died in 1962.

They have two granddaughters, Mrs. Michael (Dwana) Welle of Champaign, Ill., and Mrs. Clay (Brenda) Thomas of Collinsville, and a great-granddaughter, Michelle Welle of Champaign.

Mrs. Welle, Mrs. Thomas and Michelle were among the relatives and close friends who attended a celebration dinner party held during the weekend at an area restaurant.

**MR. AND MRS. VICTOR KOENIG** will be honored on their 50th wedding anniversary Sunday at Trinity United Methodist Church by their children and grandchildren.

**Club concludes history study**

Mrs. Ernest Veith and Mrs. Earl Miller gave receivers of The Warriors and The Lawless, the sixth and seventh books which concluded the Lesche Literary club's study of our nation's and the amazing Kent family at their April meeting.

The meeting was hosted by Mrs. Eugene Schnipper of Hazelwood, Mo.

Mrs. Bernard S. Miller, president, conducted the business meeting and Mrs. John Tardon led the pledge of allegiance and Mrs. Clyde Lester, the club collect.

The nominating committee presented a slate of officers to preside for the ensuing year and they were elected by acclamation.

The new officers to be installed at the May meeting include: Mrs. Lee Stevens, president; Mrs. Bruce Cochran, vice-president; Mrs. Earl Miller, secretary and Mrs. George Holtzsch, treasurer.

Mrs. Schnipper served a dessert course to thirteen members and two guests, Mrs. Vivian Pauly and Mrs. Janet Pauly. She was assisted by her granddaughter Diana Robb. Mrs. Bernard Miller will host the traditional "president's Branch" at her home, May 8th, it was announced.

**Bible school  
clinic set**

The Madison County Baptist Association is announcing an associational vacation Bible school clinic to be held on April 23-24 at Grace Baptist Church from 7 to 9:30 p.m. each evening.

Faculty director is Paul Davis, it was noted. He will be assisted by Jack Branon, Ann Turner, Beverly Davis, Millie Hand, Nancy Townsend, Delphine Kinder, Vera Ridgeway and Ann Branon, in various age level programs.

**Golden anniversary of  
Mr., Mrs. Victor Koenig**

Mr. and Mrs. Victor Koenig, 2538 Sheridan Ave., will celebrate their 50th wedding anniversary at a reception Sunday afternoon, April 22, at Trinity United Methodist Church, 25th and Henry streets.

The reception is being hosted by their children and grandchildren. Friends and relatives are invited to greet the couple from 2 p.m. to 2 p.m.

Victor Koenig and the former Olga Koenig were married April 18, 1929, by Rev. Paul E. Schoppe, pastor of St. John's Evangelical and Reformed Church, at the home of her parents, Mr. and Mrs. Otto Koenig, 2325 E. 25th St.

The Koenigs have three children, Mrs. Clay

(Marilyn) Parker, William Koenig and Mrs. Arlene Boner, all residing in Granite City. They also have five grandchildren, Jeff and Lance Parker, Marilyn Joyce Boner, and Jill and Heidi Koenig.

Until retiring in 1970, Mr. Koenig was employed at Granite City Steel Co. for almost 50 years. He has been active in Civil Defense work and since 1961 has been local co-ordinator. He served two years as vice-president of the United States Civil Defense Council and for nine years has been national membership chairman. Mr. and Mrs. Koenig are both active members of Trinity United Methodist Church.

## South High's Sound of Music

## An evening to remember

If the music of Rodgers and Hammerstein and enthusiastic performance of it are your cup of tea, then Granite City High School South's production of "The Sound of Music" was an evening to remember.

Directed by Beverly Scroggins, the show was quite well put together. The scenery was beautifully done and the orchestration was good.

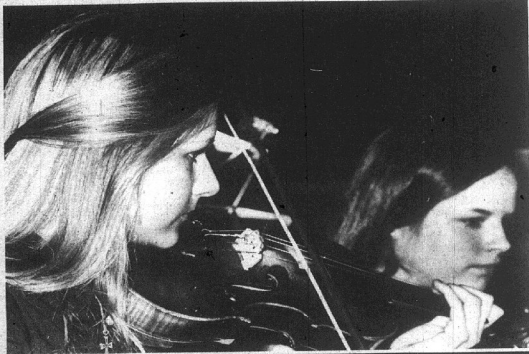

Paula Bryant gave an excellent performance as "Maria," the lead character, and Fred Schuler portrayed Captain Georg Von Trapp with the strength of a much more seasoned performer.

The Von Trapp children, played by Laurie Ferrer, Walter Ronney, Michael Hildreth, Denise Edwards, Mary Bryant, Jill Lockhart and Jenny Murray, were portrayed in a delightful way, their voices blending beautifully.

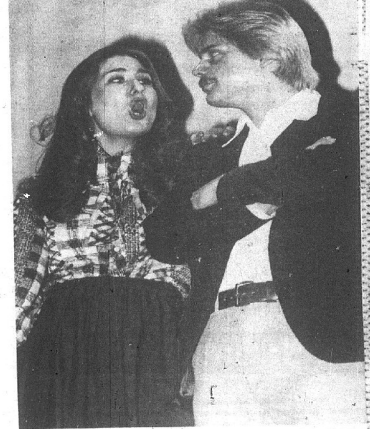

One of the most interesting scenes in the play was one that took place in Maria's bedroom during a thunderstorm. In the scene, the children come into Maria's room to seek comfort from their governess because the storm has frightened them.

Little Jenny Murray, 7, who played Gretl, the youngest of the seven children, was outstanding in the scene. The audience believed that there was indeed a storm going on due to the emotions seen in the little girl's face.

The Sound of Music was judged truly an enjoyable experience by all who attended.

**DELIGHTFUL SOUNDS.** South's production of "The Sound of Music" was a joy for all who love the songs of Rodgers and Hammerstein. Above, in a scene from the play, Maria (center), portrayed by Paula Bryant, is surrounded by four of the Von Trapp children. They are, from left to right, Mary Bryant, Jill Lockhart, Denise Edwards and Laurie Ferrer. Michelle Meschan and Fred Schuler (pictured at right) share a scene from the play while Angela Grupus (far left) and Diana Guenther help provide music for Michelle's song.

## GC crimes up 13% but arrests climbing

Major crimes in Granite City increased 13 percent during March from March 1978, but arrests for non-traffic offenses increased 31 percent, according to the monthly report issued this week by Granite City Chief of Police Ronald J. Veizer.

Areas of special concern to the police were auto theft, which rose 83 percent from 12 in March 1978 to 22 last year, and assault cases, which were up 46 percent from 15 during the same month in 1978 to 22 last month. Overall, major

crimes climbed from 187 cases in March 1978 to 212 cases last month, a 13 percent increase. Robberies were up from zero to one in the same period, burglaries were up nine percent from 47 to 51, and auto burglaries were up

14 percent from 29 to 33 last month. Larceny was the only crime to show a decrease, dropping from 84 cases in March 1978 to 83 last month. The number of cases cleared by arrest is up eight percent, highlighted by a 100

percent increase in assault cases, from 11 in March 1978 to 22 last year. Robbery cases solved by arrest were up from zero to one in the same period and auto thefts solved were up from one to two.

A total of 114 minor crimes was cleared by arrests last month, a 25 percent increase over the 91 cases in that category solved in March 1978. Overall, crimes solved by arrest increased eight percent, from 162 in the same month last year to 175

this March. Arrests were up 35 percent in the same period, rising from 384 to 519 last month. Traffic arrests accounted for the largest portion of the total arrests, rising from 254 traffic arrests in March 1978 to 348 last month, a 37 percent increase.

Non-traffic arrests were up 31 percent last month from the same month of the previous year, rising from 130 to 171.

With more than one charge against some of those

arrested, the total number of charges filed by Granite City police last month was 598, up 40 percent from the 427 in March 1978.

Auto accidents declined 11 percent in March 1978. Auto accidents declined 11 percent in March from the same month in 1978, dropping from 181 to 161. Injury accidents were up 11 percent in the same period, climbing from 36 to 40. Non-injury accidents declined from 145 to 121 last month, a 16 percent decrease.

The number of persons injured in accidents increased 17 percent in the same period, from 45 to 53. There were no fatal March accidents in either 1978 or 1979 in Granite City. Veizer reported the police department answered 1,870 complaints during March 1979.

# Wedding bells ring for many in spring

Think of all the wedding traditions we follow — throwing rice, the bride wearing a bit of blue. Where did they all begin?

The "June bride" tradition started centuries ago with the Romans. They believed that June was a lucky month, especially during the full moon.

Many other marriage traditions have ancient origins.

Wearing something blue dates back to the ancient Hebrews, who believed blue was the color of good fortune.

The white wedding dress

also comes from the Hebrews, who wore white as a sign of purity.

The traditional wedding cake descends from the salt bread of the Romans. The bridegroom broke the bread over the bride's head and offered pieces of it to the guests.

By the Elizabethan period in England, sweet rolls had replaced salt bread.

Arranged on a table in front of the bride and bridegroom, the sweet rolls were passed out to guests to take home.

The French put the icing on the cake. A French chef

traveling in England decided to stack the rolls and cover them with frosting. Voila! The first tiered wedding cake.

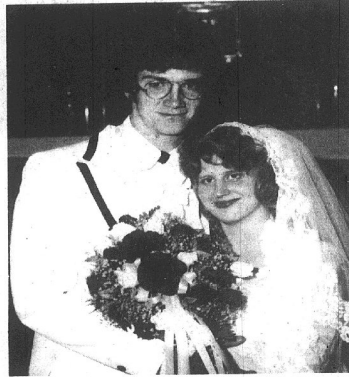

On the other side of the world, Hindus in India threw rice at newlyweds, believing that it would increase fertility, and another tradition started.

The best man is a holdover from ancient times. In those days, the best man's duties include helping the

bridegroom kidnap his bride and drag her by force to the altar.

An adventurous 14th Century French bride tossed her garter to her attendants to determine who the next bride would be. Eventually, modesty won out and more timid brides the world round substituted bouquets.

Rings have been a favorite symbol of unending love since early Egyptian times.

**MR. AND MRS. JERRY FIEDLER** were united in marriage at St. Mary's Catholic Church in Madison. The bride is the former Miss Rita Marie Dorris, daughter of Mrs. Rita Dorris of E. St. Louis, and the late Frank Dorris Sr.

## Rita Dorris becomes Mrs. Jerry Fiedler

Miss Rita Marie Dorris was married in an afternoon candlelight ceremony to Jerry Paul Fiedler at St. Mary's Catholic Church, in Madison, on March 3.

The bride is the daughter of Mrs. Rita Dorris of E. St. Louis, and the late Frank Dorris Sr. The groom is the son of Mr. and Mrs. Paul Fiedler of Belleville.

The Rev. Conrad Motala officiated at the double-ring ceremony at 2 p.m.

Jim Havranek accompanied soloist Alicia Poplichak on the organ. Songs were "Sunrise, Sunset," "If," and the "Wedding Song."

The bride, who was escorted to the altar by her uncle, Joseph Dorris, wore a traditional white formal length gown of organza. The sweetheart neckline, fitted bodice and bishop sleeves were fashioned of chantilly lace.

Her skirt which fell into tiers of lace ruffles ended in

a Cathedral train. She wore a fingertip veil of Chantilly lace and seed pearls secured by a Juliet cap and she carried a bouquet of red and white silk roses with baby breath.

The maid of honor, Martha Mueller, and the bridesmaids, Mrs. Cindy Dorris, Mrs. Ann Dorris, both sisters-in-law of the bride, Marita Fiedler, sister of the groom, Jean DeMange, Linda Lelenowski, and Kathy Russell wore identically styled gowns of organza in rainbow colors of yellow, pink, blue and sea green. Their dresses featured square necklines and a fitted bodice of lace overlays. The cap sleeves were trimmed in lace, as was the neckline.

The full skirts fell into tiers of organza ruffles, with a lace overlay.

Each attendant wore shoulder-length veils secured with combs accented with satin bows and flowers. They carried bouquets of matching daisies, with ribbons matching their dresses.

Flower girls Kathy Garber and Laurie Fiedler wore silk dresses of an apricot hue. The eyelet bodices were trimmed with white lace and featured round necklines and short cap sleeves. They wore headpieces similar to the attendants. Kathy carried a basket of red rose petals, and Laurie carried a basket of apricot daisies.

The groom chose Dennis Fleshan as best man. Groomsman and ushers were Frank Dorris, Bill Dorris, Fred Dorris, John Fiedler, Steve Gass, Martin Schumacher, Vince DeMange, and Bernard Gass. Steve Marczak served as ring bearer.

A rehearsal dinner was given by the groom's parents at Engelbert Hall. A reception was held at Croatian Home in Madison. The bride attended St. Mary's School in Madison, and Althoff Catholic High School in Belleville.

The groom attended St. Theresa School and Althoff Catholic High School. He is employed as a carpenter.

After a wedding trip to Florida, the couple is residing in Belleville.

## 'Token of your love for each other'

Another expense! After you bought gifts for your best man and ushers, there is someone else you should remember. Your bride.

It is traditional for the groom to give his bride a gift on their wedding day. This is to show that he really is glad that she became his wife.

Usually the gift is a piece of jewelry — something that the bride will have and enjoy for a lifetime.

It does not have to be

extravagant, but it should a "token of your love."

The Jewelry Industry Council reports that one of the most treasured gifts is a ring set with the bride's birthstone.

Another gift idea is a charm bracelet to mark the wedding day. Then on each anniversary, a new charm is added.

A pair of earrings or a necklace is always appropriate, either in gold or

set with pearls or diamonds.

Whatever the gift, she will be delighted that you remembered her on your wedding day.

You may even receive a gift in return. Sometimes the bride will give a present to the groom on the wedding day.

This may be a ring, cuff links and tie tack, or a gold neck chain.

Perhaps the most popular gift for the groom these days is a wristwatch.

## Congratulations!

# Candlelight settings for Quad-City weddings

## Sacred Heart scene of Ganz-Lapinski nuptials

Apricot color bows on the pews and arrangements of apricot and carnations and greenery on the altar of Sacred Heart Roman Catholic Church, provided the setting there for the wedding on March 31 of Miss Mary Lapinski and Randall A. Ganz.

Father James P. Hill performed a double ring ceremony at 1:30 in the afternoon. Nuptial selections included "Day by Day," "Evergreen," "The Wedding Song," "Sometimes," and "Devoted To You."

Parents of the bride are Mr. and Mrs. Anthony J. Lapinski, 2617 E. 27th St. The groom is a son of Mr. and Mrs. Paul Ganz, 2019 Amos Ave.

The bride was escorted to the altar by her brother, Ben Lapinski, where her father gave her in marriage. She wore a gown of ivory organza with a row of scallop Venice lace trimming the bodice, high neckline and the wrist.

Matching lace enhanced the Empire bodice, bishop sleeves and the flounce hemline of the skirt and chapel train. Her elbow length veil of illusion was bordered in Venice lace and secured to a Juliet cap, and she held a cascade arrangement of stephanotis and smilax.

Maid of honor Miss Loretta Ann Lapinski, a sister of the bride, chose a long nile green A-line style gown fashioned with founces of chiffon over taffeta.

The Empire bodice had a V-neckline centered with a matching flower and a sheer ruffle over the shoulder to create a cape effect.

Bridesmaids Mrs. Jeanie Frerker, a sister of the bride, Mrs. Becky Lehne, the groom's sister, Mrs. Lois Ganz, Miss Marsha Hileman, Miss Ann Roberson and Miss Judi Doneff, cousins of the bride, selected gowns identical to the honor attendant in shades of apricot and yellow.

All the attendants wore a circlet of apricot carnations and baby's breath in their hair and carried colonial bouquets of yellow button pom poms encircled with apricot carnations and baby's breath.

Flower girls were Jennifer Lynn Romanic, the bride's goddaughter, and Adrienne Ganz, a niece of the groom. They were dressed in apricot frocks with white lace trimming the angel style sleeves, bodice, and tiered skirts.

Each girl wore sprigs of baby's breath in their hair

and held baskets of yellow pom poms and greenery.

Larry Lapinski, the bride's nephew, was the ringbearer. The groom chose his brother, Steve Ganz, as best man. Larry Frazier, Tom Kalert, Mike Garland, Steve Giebe, Lance Kennerly, Wade Ferguson, Dave Ortmann and Ben Lapinski, a brother of the bride, completed the corps of groomsmen and ushers.

For her daughter's wedding, Mrs. Lapinski selected a sea green chiffon gown designed with a round neckline and Empire waistline, enhanced with seed pearls and silver accessories.

Mrs. Ganz, mother of the groom, appeared in a pink silesta chiffon formal length dress featuring a high neckline and drapes bodice with a high rise waistline, trimmed with Venice lace and beads. She wore pink accessories. Both mothers wore wristlet orchid corsages.

A buffet reception was held for 450 guests at the Polish Hall in Madison, after the service. The rehearsal dinner was served at the Collinsville Holiday Inn, hosted by the groom's parents.

The newly wed couple is now residing in Springfield, Mo. A 1973 graduate of South High School, the former Miss Lapinski was the 1977 St. Patrick's Day queen at University of Missouri at Rolla. Prior to her marriage she was employed with the Food and Nutrition Service in St. Louis.

The groom is a 1972 graduate of South High School and 1978 graduate of the University of Missouri at Rolla and is a member of the Sigma Phi Epsilon Fraternity. He now works as a civil engineer with McCarthy Brothers of St. Louis.

A key question for Quad-City area brides in 1979, or any other year — what type of wedding gown to choose? A flowing ivory chiffon, an elegant crepe, or a frilly,

hoop-skirted lace? The styles to choose from are virtually limitless.

Whether your choice is a demure Victorian gown with wedding band neckline and

fingertip sleeves, or a backless halter with a matching cape, it should be a reflection of you.

Your wedding gown should be an image of your personality, your style, your flair.

In choosing your gown, consider the type of ceremony you are planning to have. If the wedding will be very formal, the bride chooses a full-length gown, often with an elegant train.

The material, too, is formal — satin, silk, velvet, or peau de soie.

For less formal weddings, the bride will choose a long white gown or a street-length dress in a soft fabric such as quana or chiffon.

Very young brides often choose flounciness, ruffled gowns in lace or dotted swiss.

Others will find that a highly styled gown in a satin or silk looks best.

You also have a choice of colors. You're not limited to white. You may wear ivory or a delicate pastel in subtle shades of pink or blue.

Ivory is becoming a favorite color for brides. It

can be especially flattering in months when white may appear too "cold."

Choose a color that looks best on you, one that will complement your skin tone.

Ivory is often the best color for brunettes, and blondes generally look best in pure white or one of the light pastels.

The fabric of your gown is also of great importance.

First, choose a material that suits you, but also consider the season. Crepe, satin or velvet are lovely choices for a winter wedding. The lighter fabrics, chiffon, dotted swiss, or organza are perfect for the summer bride.

After you have selected your gown, you will want to choose a headpiece to complement your dress and you. It should be of the same or similar material as your gown, and match its color exactly.

A wide-brimmed hat is a lovely accent to an informal gown. More formal headpieces have many styles and lengths of veils.

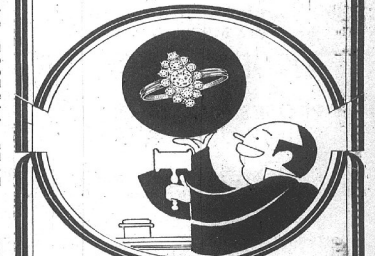

You may choose a wreath cap, a small bandeau and a

short, full veil, or a mantilla, a fitted headpiece with an elbow-length veil flowing from the crown of the head.

Other styles are the Juliette cap, a very fitted headpiece and the tiara, a crownlike bandeau.

The type of headpiece and length of veil you choose will depend primarily on which is the most flattering on you. Remember that the very long, floorlength veils are reserved for the most formal weddings.

# Weddings bring both traditional and unusual gifts

Giving a garbage can for a wedding gift may seem like a trashy idea to some, but to newlyweds who forgot to buy one for their new house or apartment or can't afford one, it might not be such a bad idea.

After the honeymoon is over, newlyweds begin to realize they don't have many

of the essentials — like a garbage can — to set up housekeeping together.

Often, newlyweds get stuck with bizarre and outlandish wedding gifts that will be stowed permanently in the attic or slyly passed on to another unfortunate couple getting married.

Some traditional wedding

gifts newlyweds receive may as well be given to someone with nothing better to do than snuff out candles with a genuine silver candle snuffer or serve chocolate bonbons on a silver candy dish.

Because lifestyles are more casual, the silver candle snuffer or Towle bonbon dish aren't as useful.

Some couples get as many as three toasters, five nine-inch casserole dishes and only two place settings of expensive china they registered for.

They get too many duplicate gifts and not enough of the basic necessities from wedding guests.

Their guests either didn't find out about the bridal registry service or they couldn't think of anything more unique than a toaster to give as a gift.

Extravagant, useless or duplicate gifts can be avoided by the bridal registry service offered by jewelry stores.

If a couple has registered at a store for china, silverware, linens, crystal and other housewares, go there to choose a wedding gift.

But if the registry has been completed by other guests or the couple did not register at all, choosing an appropriate gift can be frustrating, especially if you don't know the couple well.

The following list of unusual, sometimes practical, unconventional wedding

gifts may be just what the bride and groom need to adjust more easily to their new lifestyle.

It may also make the task of buying gifts more exciting and challenging for wedding guests.

Some of these gifts may be sufficient by themselves and others may be added to less expensive bridal registry gifts.

**HANDMADE ITEMS** — Afghans, quilts, dollies, aprons, crocheted towels, embroidered toss pillows are gifts that last and provide a homespun touch. Be sure to select colors that will harmonize with most color schemes.

— If you're artistic, get a copy of the wedding invitation and arrange it as a wall hanging.

The invitation can be decoupage, set in a picture frame with an arrangement of dried flowers bordering it, or you can place the invitation on a sheet of paper and paint your own border and frame it.

— Collect your favorite recipes, type or write them on recipe cards and buy a recipe card file with alphabetical dividers.

Some of the best recipes can't be found in a conventional cookbook, but are passed down from grandmothers and aunts. The bride and groom will treasure these original recipes and pass them along to future generations.

Christmas decorations, including engraved ornaments, lights, a small crib arrangement, garland, tree skirt and a tree topper.

For people who like to shop in antique and out-of-the-way novelty shops, bazaars or open-air art fairs, there are several useful wedding gifts that can be found.

Any antiques, including crystal dishes, cake plates, tidbit plates, plant stands, hall trees, rockers and cedar chests, original oil paintings from art and craft fairs; and decorator pillows, blankets and various household knick-knacks from church bazaars are great ideas for young home-starters.

**GIFTS FOR THE HOME**

1. Exotic potted plants and plant-care books.

2. Decorator vases with silk flower arrangements.

3. Candles and pewter or brass candlesticks for romantic dinners and

surprise ice storms or power failures.)

4. Door knocker with the couple's name engraved on it or door chiming.

5. Decorator phones from the telephone company or department stores.

## Marla D. McGarvey and Keith Jansen are wed

Miss Marla D. McGarvey became the bride of Keith J. Jansen in a double ring ceremony on March 10 at Sacred Heart of Jesus Polish National Catholic Church. Officiating at the 3 o'clock afternoon service was Father John Szelachanovic. Parents of the bride are Mr. and Mrs. Russell Robinson, 3521 Johnson Road. The groom is a son of Mr. and Mrs. Vance Harper, of Salem, Mo.

Wedding music included "Colour My World," "I Honestly Love You," "Evergreen" and "The Wedding March."

Venise lace and English netting, etched with pearls, formed the yoke of the blouson bodice and enhanced the long tapered sleeves of the bridal gown worn by the former Miss McGarvey.

The full circular Qiana skirt fell softly into folds and extended into a chapel train edged in matching lace. Her lace bordered fingertip veil was secured to a lace Juliet cap and she held a bouquet of white flowers intermingled with greenery.

Darla Rose, a sister of the bride, was honor attendant and bridesmaids were Nancy Michalik, Helen

Hicks, Lisa Morlen and Debbie Sander.

They were gowned in pastel color dresses of apricot, blue, buttercup, Nile green and rose silesta designed with round necklines, blouson bodices, elbow length open sleeves and full pleated skirts.

Lora Heath and Brady Grosse, a nephew of the groom, served as flower girl and ringbearer, respectively.

Serving as best man was Donald Bremer. Kenneth Jansen, a brother of the groom, Gary Grosse, Jeff McGraw and John Morgan were groomsmen. Seating the guests were Randy Robinson, the bride's brother, and Gary Harper.

The bride party was entertained at a rehearsal dinner at Charlie's Restaurant. Guests were received by the newly married couple at a reception held at the Madison Fireman's Hall.

Following a wedding trip to Honolulu, Hawaii, the couple is now residing in Granite City.

The bride is employed as a TWA flight attendant and her husband is working as a TWA Customer Service Agent.

## Opti-Mrs. honor four

Mrs. Lorraine Hanft, Goldie Fischer, Lane Aufderheide and Georgetta Moncal were hostesses for the regular meeting of the Opti-Mrs. Club, held at Charlie's Restaurant.

# Honeymoon sites feature romantic dinners, heart-shaped tubs

June rhymes with honeymoon, and nearly all Quad-City newlyweds plan out-of-town trips.

Do you want to get away from it all on your honeymoon? Is two company and three a shroud? Well, you can make the lonesome scene for your happy time after the wedding — an intimate aloneness — simply by motoring up into the Pocono Mountains of Pennsylvania.

And, no matter where you live in these United States, there are hideaways if you'll take the trouble to look for them.

Some resort areas — notably the Poconos — have a fortunate mixture of isolation, if that's your bag, or constant activity, if that titillates you and your new mate.

Candlelit dinners in your own room, or nightclub entertainment until the wee hours. Take your choice. You can have part of it or all in the honeymoon-oriented Poconos.

There amidst the splendor of the mountains and lake-dotted countryside can be found a unique phenomena — a number of glamorous but cozy, active but quiet, fun-filled but restful resorts that uphold a longtime tradition — the Pocono Honeymoon.

Nestled among the many resorts and attractions that make up the Poconos are the hotel-resorts that still are old-fashioned enough to know that honeymooners are very special people and deserve very select treatment.

## Diamonds—they're forever

The beauty of a diamond depends on the way it handles light.

The diamond cutter shapes the stone so that the maximum amount of light is admitted through the top of the stone, bounces around inside and comes back out the top.

The standard diamond cut has 58 facets. The position of each facet determines whether the light will pass through or be reflected.

The facets above the "culet" part of the stone (or girdle) are placed so that they will reflect most of the light that hits them rather than let the light go through and escape out the bottom. Thus, the sparkle.

Cut also refers to the shape of the finished diamond. The round or brilliant-cut diamond has been the most popular of all diamond shapes. The oval is an elongated round.

The marquise is an oval with points at both ends, and the pear shape is round at one end and pointed at the other.

The emerald-cut diamond is rectangular, with facets on the sides, ends and across the corners.

All these have 58 facets, but the shapes of the facets are different in the different cuts.

An oval, marquise, or pear-shaped will look larger than a round diamond of the same weight, because the

It was there in the "Honeymoon Capital of the World" that the idea of the modern honeymoon at its finest was born.

And it is there that it thrives in spite of or perhaps because of the significant changes in thinking of 20th Century Americans.

People still do get married no matter what one might be reading about marriage statistics. And they still do go on honeymoons.

Hundreds of thousands of couples visit the Pocono area, taking advantage of the romantic atmosphere created by the honeymoon experts who run these resorts and have been catering to honeymooners for generations.

The newlyweds' day begins with breakfast in bed, served in their superluxurious room or apartment, some of which have their own individual swimming pools, fireplaces, private sun-bathing patios, color TV, king-sized and heart-shaped beds and bath tubs.

Sports activities include tennis, indoor and out, golf, archery, skiing, winter, swimming and water sports in summer, bowling and badminton.

Due to the popularity of the Pocono honeymoon resort, advance reservations are suggested.

Engagement time seems to be the time most couples make plans for their honeymoon, reading through colorful and informative brochures and choosing that special place where they will begin their life together.

area above the girdle is slightly larger.

The cut is one of the four properties which determine the value of a diamond. They are often called the four C's.

1. Cut refers to the shape of the stone as well as how precisely it has been created.

2. Carat weight — Diamonds are measured by weight not "size."

The word carat comes from the "carob" seed of the Orient, a seed so uniform in weight that it became the standard measure for diamonds.

A carat is divided into 100 points, as a dollar is divided into cents. A one-half carat stone would be 50 points.

Heavier diamonds are more rare, hence the more it costs per carat.

A one carat stone costs more than twice as much as a half-carat stone.

3. Color — A diamond reflects the brilliance of the light around it, and should have no color of its own.

Actually, most diamonds have a tinge of color — yellow, brown, green, blue and even black. Completely colorless, "icy" white diamonds are very rare, and therefore most expensive.

4. Clarity — Many diamonds contain small impurities, like carbon spots or bubbles. The fewer and smaller the flaws, the more valuable the diamond.

## Shrader-Phelps wedding at Calvary Baptist

Calvary Baptist Church was the scene of the wedding on April 7 of Miss Debra Susan Phelps, a daughter of Mr. and Mrs. Earl F. Phelps, 4808 Warnock Ave., and James Edward Shrader Jr., son of Mr. and Mrs. James E. Shrader Sr., 2442 State St. Bouquets of pastel spring mums and burning tapers in aisle standards and spiral candelabra at the altar provided the setting for the double ring ceremony performed by the Rev. Wilbert V. Snider at 7:30 in the evening.

Organist Mrs. Jackie Holder accompanied vocalists Miss Terri Holder and Greg Holder as they sang several songs. Nuptial selections included "Time In A Bottle," "Sabbath Prayer," "All of My Life," "Follow Me" and "The Lord's Prayer."

For her wedding, the bride chose a formal length arnel and nylon knit gown designed with a fitted bodice featuring a V-neckline traced with Venice lace and long bishop sleeves accented with lace insets.

Matching lace enhanced the high rise waistline and accented her softly flowing skirt which extended into a full chapel train. She wore a fingertip veil of bridal illusion edged with Venice lace and she carried a nosegay of Fuji mums, white elegance, White Sweetheart roses and baby's breath.

Matron of honor Mrs. Linda Haselhorst selected a long pastel yellow knit dress fashioned with an Empire waist trimmed with delicate lace and pleated skirt, complemented with a sheer cape.

She wore a crown of yellow rose buds and baby's breath in her hair and held a single yellow rose festooned with a satin bow.

Bridesmaids included Mrs. Cindy Johnson, Miss Joanne Asbee, Miss Tonya Shrader, a cousin of the groom, and Miss Dynette Shrader, the groom's sister.

Each attendant appeared in pale rainbow color gowns in blue, pink, green and apricot knit designed to match the honor attendant's dress. They also wore ahalo

of matching roses in their hair and held a single rose in a hue to complement their attire.

Karen and Chris Holder served as flower girl and ringbearer, respectively. She was dressed in a yellow knit frock created with an Empire waist and matching sheer cape and she held a basket of spring blossoms. Candelighters were Steve Shrader, a cousin of the groom, and Mike Cress, the bride's nephew.

## TO ALL OF OUR ORTHODOX FRIENDS

He was born in an obscure village. He worked in a carpenter shop until he was thirty. He never held an office. He never had a family or owned a house. He had no credentials. He was only thirty-three when the public turned against him. He went through the mockery of a trial. He was nailed to a cross between two thieves. His executioners gambled for his clothing, his only property. He was laid in a borrowed grave. Nineteen centuries have come and gone, and today he is the central figure of the human race. All the armies that ever marched, and all the parliaments that ever sat, and all the kings that ever reigned have not affected the life of man on this earth as much as that

## Thorngate plans May flea market

Plans for a flea market to be held at the Nameoki Recreation Center May 13 were discussed during the monthly meeting of the Thorngate Garden Club, held at the home of Mrs. Charles Polley, 2664 Iowa St.

The meeting was opened with prayer by the hostess, followed by a fruit plate luncheon and cheese dessert. Easter was the theme of the table decorations and jonquils and pussywillows in a hand-woven wicker basket was the centerpiece. Individual baskets of wicker were filled with Easter candy and were given as favors.

Mrs. Gerald Lux, president, called the meeting to order and Jean Bethel invited the club to have a yard sale at her house in the near future.

It was announced that in May, instead of a regular meeting, the club will tour the Japanese gardens in Shaw's Garden in St. Louis May 23.

A program on how plants and trees fight air pollution indoors and outdoors was given by Clara Schilling.

Present, besides those mentioned above, were Mrs. Charles Delpe, Mrs. Robert Polley, June Markham, Jean Bethel, Mrs. Enid Bolin, Mrs. Beula Miller and Mrs. Pearl Young.

## Granite 650 plans events

Final plans were announced for the annual past matrons and past patrons party during a weekend meeting of Granite Chapter 650, Order of the Eastern Star, held at the Masonic Temple.

The social event will be held Saturday evening with special guests to be Mrs. Donna Kagy, worthy matron and Joe Bilbrey, worthy patron of the host chapter. Another affair will be a past grand officers night with all past grand officers of the State of Illinois as guest officers hosted by Mrs. Betty McClintock at 8 p.m. on April 27. Mrs. McClintock is a past grand Electa of 1977.

The worthy matron presented Mary Ellen and Lloyd Lewis the newly installed worthy high priestess and watchman of shepherds of Gabriel Shrine 78, Order of the White Shrine of Jerusalem.

Also introduced were grand lecturers Mrs. McClintock, Mary Bilbrey, Hazel Wood and Aline Fox, past grand officer, Bess Henley and a past patron, Brinley Bodnam.

Visitors for the evening were Mrs. Wilma Rains and Richard Rains from Anderson, Ind., and members of Middleton Chapter 110, OES.

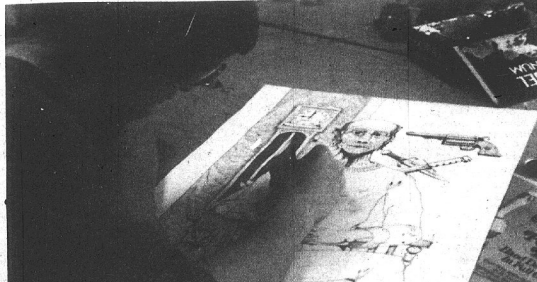

Worthy Patron Joe Bilbrey submitted a review of the chicken dinner project and proceeds from the ticket sale. Mrs. Donna Boyer also reported on the birthday calendar program and requested all monies be turned in to complete the project for the year.

Dorothy Brokaw, Fairy Bodnam and Bill Watkins were reported on the sick list. These celebrating birthdays were Bonnie Fisher, Arvin Diekmann, Jo Ann Noe and John Boyer.

Other announcements included a past matrons meeting at 1 p.m. on May 5 at the Grand Cafe to be hosted by Katherine Roman for past matrons, and an audit committee session at 7 p.m. on May 9 in the home of Mrs. Mary Bilbrey.

Sympathy was accorded to Mary Hoover, whose brother died and to Mrs. Pauleta Mueller whose husband died.

In closing a poem entitled "In Remembrance of Me" on the resurrection was read. Dining room tables were centered with Easter bonnets which were modeled during the social hour by the men and each one received an Easter bunny filled with candy as a favor. Hostesses for the evening were Mary Ellen and Lloyd Lewis, Bonnie and Jerry Fisher, Mary Bilbrey, Betty McClintock, Louise Orr and Betty Ebrecht.

**ART SHOW TONIGHT.** Ron Ward (above) and Darren McGovern (left) put the finishing touches on their work in preparation for this evening's showing of student artwork. # Familiar name returns to auto racing scene

By PETE HAYES  
Sports Editor  
of the Press-Record  
GODFREY — A familiar name to area auto racing fans has changed uniforms. With Spalding of Granite City has changed out of his racing dungarees into a three-piece suit.

## South girls lose first

O'FALLON — The Granite City South girls softball team dropped its first game of the season here Tuesday to O'Fallon, 4-1.

The O'Fallon battery of pitcher Lisa Harter and catcher Sharon Aubocon did most of the damage against South. Aubocon had two hits and Harter drove in two runs.

Actually, a three-piece suit is carrying it a little far, but Spalding had changed to an owner from a racer.

Spalding, a Granite Cityan who has thrilled racing fans in this area since 1982, recently bought the old Alton Speedway along with his wife Rose. They immediately changed the name to Godfrey Speedway. It is located at Highways 111 and 67 on Montclair Ave. in Godfrey.

"This place won't in the greatest shape when we got it," he said about the track. "But we've put in a lot of hours up here and we think we've got it in real fine shape."

A lot of hours could be an understatement. The Spaldings recently moved a mobile trailer to the site of the speedway and have

lived there.

"We wanted to spend as much time here and as little time possible driving back and forth," said Spalding.

Spalding, a carpenter by trade, has received help from fellow carpenters as well as his sons in sprucing up the speedway.

The season's racing program will begin this Saturday night at Spalding's "new" Godfrey Speedway. The program will start at 6:30 with the time trials and racing at 7:30 p.m.

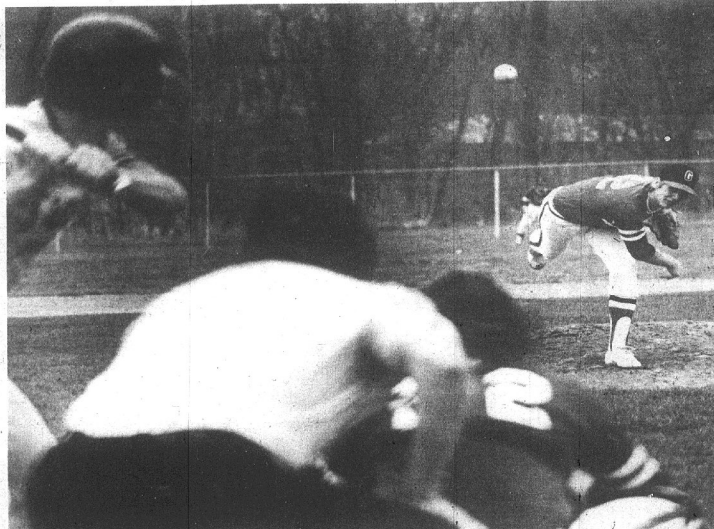

The track at Godfrey is a quarter-mile high-bank dirt track which Spalding says lends itself to some exciting racing. "The track's in great shape," he said. "We've had to do some work on it, but it's in great shape now."

Spalding said he expects about 2,000 racing fans to

attend the first show of the season and about 50 cars to take part in the three classes. Late Models, Sportsman and Street Stocks will be the three divisions at Godfrey.

Why did a man who had so many years experience behind the wheel want to move to the other-promoter position? "I guess it's because I traveled to so many different tracks around the area and saw what I'd like to do to fix each one up," said Spalding. "We had a chance to purchase this one and we jumped at it."

Spalding said he realizes he's taking a huge financial gamble. "I know it's a risk," he said. "But with the response we've already had and with a little luck, I think we'll be able to pull it off."

## Two best teams ?

## Volleyball league

ST. LOUIS — The Gold Cup Volleyball League is currently planning its summer session of men's, women's, and co-ed leagues. League play will begin in May, and each team will play 12 weeks. Beginners and skilled players are welcome as individuals or as whole teams — the leagues are divided according to ability to play volleyball. The deadline for entry is May 4. For more information, call 314-644-6830 or 314-645-5867 between 6 and 8 p.m.

tinues to astound observers with its showing of hitting strength and sound pitching, and Granite City South has a 10-3 record with last night's double header sweep of Edwardsville, the only team able to beat North this season.

On top of that, South has been able to defeat the defending Illinois Class AA state champion (Chicago Marist) and the defending Missouri state Class 4A champion (Springfield Glendale). That's not too shoddy.

Still, South and North have yet to complete a regular roster. North's Steelers still don't know if they have anybody besides Steve Doty who can pitch. But the way things are going, they may not need anybody else.

South Coach Conrad "Babe" Champion still hasn't decided on a definite infield alignment. "There are still some holes," he said last night after the two wins over Edwardsville. "We have some people who can play a couple of positions well."

There are some tough teams in the area this year. New Athens is the first to come to mind. The Yellowjackets were the Class A state runners-up last season and have one of the top pitchers in the state in Ken Pour, who seems to have a habit of pitching no-hitters.

Edwardsville's capable of beating anybody on any given night with a team made up mostly of juniors. Belleville West must be good. The Maroons beat South early in the season.

The Warriors from GC South now face a definite turning-point in their season this weekend...their own round robin tournament.

Champion hopes to repeat at least part of last year's tourney. His team won the affair a season ago. But there's another part of the tourney he doesn't want to happen again.

Last season, after heading into the tournament with a 3 record and winning it, South went down the tubes. It struggled the rest of the season and couldn't find the combination.

I hope that doesn't happen again," said Champion. "We'll have to play well to win the tournament though."

Last time around, South defeated its first two opponents before tying North in the annual tourney finale.

(Continued from Page 27)  
for an easy inning. Not quite. Ambuehl slammed a 1-2 pitch into the left field corner for a double. Linhart then walked. On a delayed steal attempt, Edwardsville catcher Dennis Whitworth threw the ball into centerfield, allowing Ambuehl to cross the plate with South's sixth run of the game.

SECOND GAME  
Even though South scored five runs in the game, the big story was pitching.

Pitcher Terry Lindsay started on the mound and got the game through with a gutsy performance in the fourth inning.

Lindsay pitched his way out of a bases-loaded jam in the fourth. Edwardsville third baseman Bob McManus started things off harmlessly enough with a strike out. Then catcher Phil Conreux singled up the middle.

In order to pitch his way out of a jam, Lindsay first had to pitch his way into the jam. He did.

Lindsay walked the next two. Edwardsville batters, centerfielder Tim Milner and left fielder Randy Rickard to load the bases with only one out. South, which was hanging on to a slim 2-0 lead, needed some pitching heroics. It got some.

Lindsay struck out Edwardsville's Jim Stolte and Randy Hillard to end the threat. When the third strike was called on Hillard, the South bench erupted. "We got some pitching tonight, didn't we?" said Champion. "Lindsay just loves to go out there and pitch the ball. He's just having a good time."

"I told John (South assistant Modica) when he (Lindsay) got himself into that jam. Let him stay out

there and get them out with guts. If he can't do it that way, it can't be done."

Meanwhile, South was scoring some runs of its own. It grabbed a 1-0 lead in the first inning. With two out, first baseman Todd McFarlane walked and scored on a single by right fielder Jim Lewis.

In the second inning, South scored again. Designated hitter Ray Jones struck out to start the frame. Then Parker singled up the middle. That was followed by a ground-out by catcher Bill Dalton. Keith Moutria and third baseman Greg Laub walked to load the bases. The run came in when Edwardsville pitcher Jim Scheibele balked.

The Warriors added two more runs in the fourth on singles by Dalton, Moutria and second baseman Bob Stegmeyer and an error by the Edwardsville center fielder. The last South run came in the seventh inning on a walk, a ground-out and a sacrifice fly by Hogan.

Lindsay gave way to reliever Dave Weil in the fifth inning. "We got some great pitching tonight," said Modica. "Weil is right now our number one reliever. When somebody gets in trouble, he's the first one we go to."

Such was not always the case. Just three weeks ago, Weil was having trouble with concentration and control. "He's improved 100 per cent in the last two or three weeks," said Modica. "He's doing a great job."

The two wins give South a 10-3 record going into its own round robin tournament this week. Edwardsville drops to 5-4.

South will face Greene County, Ark. tomorrow at 4 p.m. in the first game of the Round Robin Tournament.

### New municipal leadership in Venice, Pontoon Beach

"How meaningful are local-level elections? Answers vary, and it is true that the precise duties and powers of many offices are relatively limited. Nevertheless, mayors can make a big difference tangibly and intangibly, through their actions and their inspirational leadership.

Two local municipalities chose new mayors on Tuesday, and residents are hopeful that their terms will bring unity, progress, prosperity and improved quality of community life.

Heading a ticket which dominates Pontoon Beach village political-governmental offices, Paul L. Bennett as village president will have the opportunity to extend and broaden the service that he already has rendered as a six-year member of the Board of Trustees.

Throne Echols, new mayor of Venice, also has a record of six years as a municipal official. As a Fourth Ward alderman and a member of the City Council, he is familiar with taxpayers' wishes and needs and is knowledgeable about the ways such needs can be met.

Serving on the Venice Council will

be an experienced group of aldermen, including Philip Daniels, George Maniaracino and George Lewis, who have new terms on Tuesday. Victor Valentine will replace retiring Oscar King in the Fourth Ward, and the other alderman in that ward will be an appointee, succeeding Mr. Echols.

A vacancy also has been created on the Pontoon Beach village board by the election of Mr. Bennett. Joining the board will be Glen Wilkins, an appointee. New terms will be Loren Madison and Keith Biggs. Mary Warren was re-elected as village clerk.

Continuity prevailed in Tuesday's Madison city election, with Aldermen Paul Ashford, William Gushett, M. S. Sikora and Donald Garrett retained on the City Council and capturing four-year terms. The Third Ward aldermanic vacancy of Ronald Grzywnacz will be filled by Elmer Smith, former superintendent of streets.

Granite City Park District balloting for two six-year terms saw victories achieved by David Nolan of the city engineering staff and Jack Hood, operator of an insurance firm.

**MOBILE HOME AND TENT** are causing housing problems for Alex and Marina Arosemena and their two year old son. The Madison County Board denied a special use permit Wednesday to allow the family to move

### Family in tent hires an attorney

Alex and Marina Arosemena, 2024 Harris St., Madison, Nameoki Township, have hired an attorney to help them after the Madison County Board yesterday rejected their request to locate a mobile home on their property.

According to Paul Hawkins, zoning and housing administrator for the county, the board's decision was voiced by two persons in the neighborhood—against them moving into a mobile home—at a public hearing.

Hawkins also said County Board Member Homer Bookman had voiced objection to another mobile home in the area, claiming such homes detract from the value of the other homes in the area and has been living in it for the past several days, but will have to move out of it soon, as the tent as a

residence does not meet with the zoning laws. She family has received a letter that it has 15 days to move the mobile home off the lot.

Arosemena said he does not know what he will do, as he does not have the money to move his trailer again. He further stated that he had saved for over a year to have enough money to buy the home and put a down payment on the property.

He works at St. Louis Steel Castings, where he earns \$4.70 an hour. He estimated it would cost at least \$400 to move the mobile home, and he does not know where he would move it to.

Other mobile homes in the area have been allowed to stay as they were there before the zoning laws, Hawkins said.

### Lease county patrol autos

The Madison County Board yesterday accepted a recommendation from Madison County Sheriff Epil Toffant that 30 squad cars be leased from Heriz Car Leasing for \$150 per month, rather than purchased.

Toffant said the 30 new squad cars, combined with the 40 cars of the sheriff's department now has what enable each deputy assigned to the patrol divide with his squad car home with him each night.

By having squad cars at home, the deputies will be able to respond much faster to an emergency situation, if

one develops while a deputy is off duty. The county will lease 30 new Oldsmobile Cutlass Salon autos, which probably will be less expensive to lease than Ford Fairmonts.

Toffant also said leasing the cars is the only way he can stay within his budget which allows only \$40,000 next year for new cars. The event, which will cost \$18,000 per year, or \$36,000 in the two years for which the autos are being leased. A one-year warranty is included in the lease package.

The board also approved expending up to \$8,700 to shore-up a sagging wall at the century-old Madison County Jail. Melvin Subre was selected to do the work.

Board Member Homer Bookman objected to the expenditure, noting the wall survived the winter freezes and thaws and probably would not collapse before the new county jail is completed.

MRS. LOIS WEEKS  
128 Cynthia Lane  
931-1493

**AIRMAN BAXTER HERE**  
Irman Basic Michael A. Baxter, son of Mr. and Mrs. Howard E. Baxter of Meadowland, Drisco, Mo., the Easter weekend with his parents and brother, Robert. Michael is stationed at Chanute Air Force Base and is attending technical training in Missiles Facilities. He is a 1976 graduate of Granite City High School and was previously employed at the Granite City K-Mart store.

**EASTER VISIT**  
Mr. and Mrs. Richard Wythers of Cynthia Lane and Mr. and Mrs. Howard Popham of the Edwardsville rural area have returned home from Chicago, where they spent the Easter weekend and attending the 30th wedding anniversary of a brother-in-law and sister, Mr. and Mrs. Paul Gass. Mrs. Gass is a sister of Mr. Popham.

**BLOCKED BY FLOOD**  
Mr. and Mrs. Bill Davis and grandson, Earl Bryson, have returned home from Kosciusko, Miss., where they went to spend Easter with Mrs. Davis' mother, Mrs. Ella Massey formerly of Granite City. After making the trip they couldn't get to where her mother lived because of the high water from the flooded river.

**STRUCK ON HEAD**  
Rodney Briggs, 24, Collinsville, suffered a cut to his forehead and a possible skull fracture when he was struck on the head with a railroad spike while at work in a yard Tuesday. He was taken by Granite City ambulance to St. Elizabeth Medical Center, where he was examined and transferred in a semi-conscious condition to the Missouri Pacific Hospital, St. Louis.

**HURT IN CRASH**  
Miss Cheryl Dickerson, 14, of 2114 Lynch Ave., was injured when an auto in which she was a passenger was involved in an auto accident and she struck her head on the car's windshield. She was treated at St. Elizabeth Medical Center for a headache and neck pain and was released after X-rays were taken.

**BOY HIT BY CYCLE**  
Marvin Treadway, 6, East St. Louis, was treated at St. Elizabeth Medical Center early this week for injuries received when he was struck by a slowly-moving motorcycle. He suffered abrasions to his left cheek and lower lip.

**STABBED IN THIGH**  
Granite City police are investigating the stabbing of Leroy Shriver, 20, of 1688 E. 23rd St., Monday night.

Suffering a slash wound to his left leg, he told authorities an unknown assailant stabbed him in Shriver's car. He was released after emergency treatment.

**\$2,775 burglary**  
Items valued at more than \$2,775 were stolen during a burglary at the home of William Patton, 3510 Terrace Lane, between 6 and 9 p.m. Wednesday. Entry was gained by breaking a window and crawling through the opening.

The upstairs of the home was ransacked. Two pillowcases were removed and used to carry items from the home. Stolen were a \$105 CB radio, a \$165 table radio, a \$250 camera, a \$55 camera, a \$300 movie camera and a \$150 movie projector, a \$300 wrist-watch, a \$250 police scanner radio, \$1,000 worth of silverware, two rings worth \$130 and \$70 and six to 12 tie clasps.

**SENTENCED TO JAIL**  
Steven Wright, 20, of 2408 Angela Drive, has been sentenced in Madison County Circuit Court to serve two years of probation and 90 days in the Madison County Jail after a trial during which he was found guilty of possession of cannabis and of a controlled substance. He was charged with offenses which occurred Aug. 1, Aug. 8, 1978. Circuit Judge Horace Calvo pronounced sentence.

**FILM ON POPE JOHN PAUL SET SATURDAY**  
A film on Pope John Paul and a film on Poland will be shown Saturday, April 21, at 7 p.m. at Polish Hall, 826 Greenwood Ave., Madison, Mo. St. Stanislaus Lodge is sponsoring the presentation which is admission free and open to the public, according to a lodge spokesman.

### New school boundaries

Attendance boundaries were set for elementary school pupils who normally would go to Washington, McKinley and Stallings schools. The three schools are being closed after the current spring term.

Washington kindergarten through fourth graders will go to Logan, and Washington fifth and sixth graders will attend classes in a wing of Prather Junior High School.

In the Stallings school zone, Jones Park, Quiet Valley and Kaesberg Lane children will attend Nameoki School and all the rest of the pupils will go to Lake School.

Regarding McKinley, Madison Avenue will be the dividing line to those assigned to Webster School, and 24th Street will divide youngsters assigned to Emerson and Niedringhaus Schools. For families already living in the 2300 block, there will be a choice of Emerson or Niedringhaus.

"Behind the mill" area McKinley pupils will go to Lake School, and students of Elizabeth and 14th streets.

**Presbyterian youths set fund raising project Saturday**

With thoughts of the summer conference trip, the young people of the Nameoki Presbyterian Church will be at work this Saturday afternoon in a yard sale and car wash.

Proceeds from the events will go towards their New Presbyterian Church in Lexington, Ky. The church is a part of the St. Stanislaus Lodge camp scholarship fund.

Those wishing to add to the service items are invited to call 451-1431 or 877-4740, Rev. Don Pierson said.

**THE NAMEOKI PRESBYTERIAN CHURCH** is located at 1700 Pontoon Road where the sale and car wash will be held, he added.

### Lynch killed

Stanley Lynch, a former suburban Chicago area sheriff and the husband of the former Lucy Holmes, was killed Wednesday morning when the auto he was driving was involved in a head-on collision in Arkansas.

Mr. Lynch, who is retired, resided at Gassville, Ark., in the Mountain Home area with his wife, who is a resident of Granite City. He currently is bedfast with pelvic and rib fractures received several weeks ago in a fall while attending a church supper.

### New sewer break

A new sewer break, likely to become a major break, was discovered this week in the yard of Nameoki School, 1620 Pontoon Road.

Granite City Street Supt. Lionel Portell told the Granite City Board of Public Works Tuesday night that a break has been discovered at the northeast corner of the school's parking lot.

Bypass pumping to take the sewage around the break began Wednesday morning. "It's going to be a bad one," Portell predicted.

### SERIOUS PROBLEMS WITH SEWAGE PLANT

Serious structural problems with the Granite City Secondary Sewage Treatment Plant will require about \$80,000 in emergency repairs immediately, Granite City Mayor Paul Schuler told the Granite City Council Tuesday night.

Schuler said concrete portions of the bridges which are an important part of the treatment process are falling off and require major structural repair. He has applied for a release of \$80,112 from final grant funds being held by the Missouri Environmental Protection Agency to make the emergency repairs.

**DAZED IN ACCIDENT**  
Keith Stokes, 2846 Madison Ave., was treated at St. Elizabeth Medical Center at 4 p.m. Monday after being injured in an auto accident. He suffered back pain and was dazed. X-rays were taken and he was released.

### Burger court restricting constitutional guarantees

An unfortunate legacy of the Nixon presidency is the Burger court, which continues to erode the constitutional concept of free press and speech. The latest ruling yesterday has as its target the thoughts, opinions and attitudes of newsmen, following previous attacks directed toward their information sources and written notes.

The latest U.S. Supreme Court interpretation will need to be studied in detail regarding its impact, but it already is clear that President Carter will need to try to reverse the dangerous court trend if and when he has the opportunity to select appointees to the nine-member panel.

### Sternberg-Whalen wedding in Arizona

Gene H. Sternberg Jr. and Miss Susan Elizabeth Whalen were married April 14 at the First Christian Church in Tempe, Ariz.

The Rev. Porter Estes

performed the double ring ceremony. The bride is a daughter of Mrs. Kathryn Whalen of Tempe.

After the ceremony, a garden reception was held at the home of the bride's mother on East Balboa Drive in Tempe.

### Summer camp film scheduled Sunday

A topic here Sunday will be the New Wilmington Missionary Conference, held on the campus of Westminster College in New Wilmington, Pa., is one of the largest and oldest summer youth conferences in the country, the Rev. Don Pierson reports.

For the past three years, young people from the Nameoki Presbyterian Church have been among the delegates. Senior high and college students come from the east coast, midwest and south. The weekend event is highlighted by nationally prominent speakers and youth leaders. An international flavor is maintained with overseas students and mission personnel on the campus.

This Sunday evening at 6, young people and their parents will be seeing the official film taken at last year's conference.

Youth Fellowship sponsors Ward Ray and Judy Hankins. The site will be the Nameoki Presbyterian Church, 1700 Pontoon Road.

### Nameoki church to collect love leaves

The congregation of the Nameoki United Presbyterian Church will collect offering boxes named "love leaves" at the Sunday, April 22, service, according to the Rev. Don F. Pierson, pastor.

Ken Adair, chairman of the project, said he hopes to break last year's record that topped \$1,000. In addition to the world hunger and disaster relief, a portion of the offering will go towards the self-development of people that will strike at the roots of poverty, disease, and ignorance. Adair added.

The meals on wheels program in the Quad-Cities will receive 10 percent of the offering along with the Presbytery of Elijah P. Lovejoy's hunger programs in the St. Louis area.

### Couple to speak

Campus Crusade International has grown to become one of the largest and most influential missionary enterprises in the world. Hundreds of college and professionally trained students receive extensive schooling and experience in Campus Crusade's Arrowhead centers, Calif., headquarters.

Dennis and Patty Morman of Granite City are among the hundreds of couples entering the diverse ministries of Campus Crusade. They will be sharing some of their experiences in the Nameoki Presbyterian Church, 1700 Pontoon Road, this Sunday.

Dennis Morman graduated from SIU at Carbondale and is in motion picture production. He is continuing training in this area at Arrowhead Springs.

At the 9:30 a.m. Sunday school hour, the Mormans will show a film that Dennis helped to produce that is being shown around the world. They will also have a portion of the 10:45 a.m. worship service, and will be speaking to the adult Bible study and coffee our meeting in the pastor's study at 9:30 a.m.

### STEAL BOAT MOTOR

A 9.9-h.p. green and white outboard motor and a three gallon gasoline tank were stolen from a boat, parked in the rear yard at the home of Ralph Kern, 2138 Lynch Ave., before 11 a.m. Saturday.

### East Port bank planned

An application for a permit to organize East Port Plaza State Bank, intersection of Illinois Route 157 and Interstate 55, Collinsville, has been filed with William C. Harris, Illinois commissioner of banks and trust companies.

The bank's capitalization of \$1,000,000 would consist of \$400,000 in capital stock, \$300,000 surplus and \$300,000 reserve for operating expenses.

There would be 40,000 shares of stock with a par value of \$10. Organizers are: August Feldker and Ernest L. Docter, both of Collinsville; Gary Fears, Granite City; and Virgil Kirchhoff and William S. Badgley, both of Belleville.

Co-sponsor is Brad L. Badgley, attorney, 30 Public Square, Belleville 62220.

**FILM TO BE SHOWN**  
Emmanuel Baptist Church has invited the public to view the film, "Welcome Home, Sunday evening at 6:30. There will be a concert Sunday, April 29, at 7:30 p.m. featuring Bill Raby. The church is at 1800 Pontoon Road.

### Diagnostic clinic

The Granite City Elks Lodge, in cooperation with the Illinois Elks Crippled Children's Commission, will sponsor a free diagnostic clinic for physically handicapped children on April 24 from noon till 3 p.m.

George Grimm, chairman of the local Elks Lodge committee, said the clinic will be held at the Elks Club house and the general public is invited to participate.

Children with orthopedic problems, including those who have been examined at previous clinics and those physically handicapped in any way, are invited to work at St. Louis University and co-director of the Marriage and Family Institute in Clayton, will be the speaker.

**Dr. Kenneth A. Shaw**, president of Southern Illinois University at Edwardsville, on Tuesday announced his candidacy for the position of chancellor of the SIU system.

**St. Louis and St. Louis County**, plus a group of railroads, are being asked to give \$100,000 each to help finance a \$3 million study of relocating railroads in this metropolitan area. The U.S. is providing \$2 million and Illinois \$700,000.

**With gasoline use up 4% percent** this spring, compared to a year ago, supplies are down sharply, raising the possibility of a shortage this summer.

**New Belleville Area College board members** will be seated tonight, including St. Louis, a sophomore student elected by students as their representative. The start of daytime college classes in Granite City will be considered.

**"Pinocchio" will be performed** by the Maquers Community Theater Group at 1 p.m. and 4 p.m. Saturday at Niedringhaus United Methodist Church, 20th Street and Delmar Avenue.

**There will be a concert Sunday, April 29, at 7:30 p.m.** featuring Bill Raby. The church is at 1800 Pontoon Road.

UNLICENSED GRAIN  
DEALER WARNING

Illinois Agriculture

Director John R. Block has

warned farmers not to trade

with unlicensed grain

dealers. Block said, "I urge

every producer to use good

business discipline in

checking the licenses of

those he deals with, and

beyond that in checking and

preserving scale tickets and

warehouse receipts.

"Producers have in the

past also gotten into diffi-

culty by continuing to trade

with a dealer who is known to

be in economic difficulty,

paying prices not in line with

the market, or following

unorthodox buying and

selling practices."

**BILL TO PHASE OUT  
ROAD TAX DIVERSION**

A comprehensive trans-

portation financing package

introduced in the Illinois

Senate was announced by

Gov. James Thompson,

Senate Majority Leader

David Shapiro of Amboy,

and House Minority Leader

George Ryan of Kankakee.

The bills include a four-year

phase out by 1984 of the \$126

million in road fund diver-

sions.

A 35 percent increase in

gasoline tax monies returned

to local units of government

is also included in the

proposal. This increase in

state aid would help pay for

essential road repairs, help

offset snow removal costs

and ease some of the

pressure on local property

taxes, the governor said.

**60-DAY JAIL TERM**

Clifford G. Griffith, 23, of

Here's a small car with honest  
room for five. That's for five full-size  
adults.

You get room because the  
engine's been moved forward. It sits  
sideways. It's a transverse-mounted  
4-cylinder, or you have the option of  
the world's first transverse V6. Both  
are GM-built by various divisions,  
and your Olds Dealer has details on  
sources and availability.

Omega has front-wheel drive.  
And MacPherson strut suspension.  
And rack-and-pinion steering.  
Which help make Omega quick,  
agile and very smooth on the road.

Omega also has very  
good mileage for  
a car this size.

With standard engine and trans-  
mission, the EPA estimate is 24 mpg.  
And the highway estimate is 38 mpg.

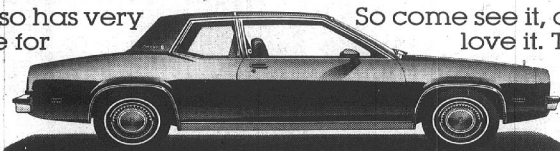

Remember, the circled EPA  
estimate is for comparisons to other  
cars. Your mileage depends on  
speed, weather and trip length;  
your actual highway mileage will  
probably be lower than the  
highway estimate.

You have never seen a small car  
that sits, rides and looks like this one.

# 'System' plan hampers SIUC, departing SIUC leader says

Warren W. Brandt, president of Southern Illinois University at Carbondale, this week announced his resignation effective June 30.

The 55-year-old Brandt, who has headed the 22,600-student SIUC campus since December 1974, expressed objection to some SIUC Board

of Trustees actions which he said "usually involved the placing of so-called system concerns ahead of the needs of SIUC."

The SIUC system includes universities at Carbondale and Edwardsville, each headed by a president. Until last March, the two

presidents reported to the SIUC Board.

SIUC's governing structure was changed then to create a chancellor as chief executive for the system. James M. Brown, former general secretary of the system, was named acting chancellor.

Brandt, in his resignation letter to Brown Monday, said, "I have repeatedly objected in open board meetings to board actions which I felt impacted negatively on the future development of Southern Illinois University at Carbondale."

Brandt had been president of Virginia Commonwealth University (Richmond, Va.) for four years before coming to SIUC as its 11th president.

In previous administrative positions, he had been vice-president and graduate school dean at Virginia Commonwealth, associate dean and chemistry department chairman at Kansas State University, and chairman of the analytical chemistry department in Purdue University's division of chemistry.

He has a bachelor's degree in chemistry (1944) from Michigan State University and a Ph.D. in analytical chemistry from the University of Illinois (1949).

He is a native of Lansing, Mich.

Brandt praised SIUC faculty, students and staff members for producing "a period of extraordinary advancement and maturing of this university" during his nearly four-year tenure.

He cited advances in academic standards, graduate programs, research funding, promotion and tenure policies, law and medical programs, private funding, affirmative action, campus improvements and regional service activities.

"The stature of the university has been significantly improved," Brandt said in his resignation letter. "I appreciate the opportunity to have performed the leadership role in the achievement of this period of advancement."

## Retired Persons name chairman

Ed Erney, president of the National Association of Retired Persons, introduced four new members, Mr. and Mrs. James Davis and Mr. and Mrs. Vernal Duet-schman at a monthly business session held at the Granite City Township Hall.

Mrs. Pauline Weir was named chairman of the program and entertainment committee with Thelma Simmons, Ruth Walk and Martha Meir to assist her as committee members.

A legislative report was given by Roy Hengehold. Since there will be no local delegates to attend the May 8-9 convention in Waukegan, the Belleville Chapter 1019, NARP, will act as proxy for the local group in relation to voting for various programs.

Al Bohley, Belleville chairman, will speak at the next session of the local chapter to review the slate activities, the president added.

Alton Markell won the evening prize followed by refreshments served to 46 members.

The president announced the next meeting will be held at the Granite City Army Installation or Heritage House in St. Louis, and members will be advised of the meeting place.

The divergence of our

viewpoints and the limitations of the new structure are such that I do not believe it would be possible for me to be effective in presenting the needs of SIUC."

When she screamed, another jogger nearby, who happened to be an off-duty police officer, chased the man, who fled between two houses.

The policeman jogger and another officer searched the area but were unable to find the man. He was described as six feet tall, weighing about 165 pounds, in his early 20s, with medium length brown hair and wearing a blue denim suit.

Thirteen windows at the Granite City One-Hour Cleaners, 2033 Madison Ave., were broken by rocks between 5:30 p.m. Thursday and 6 a.m. Friday. Broken were 12 windows about 14x10 inches in size and one window 36x24.

ONK'S DRIVE-IN LIQUOR IT'S QUICKER!

Pauline 23:3 "He restorath my soul..."

David, as king of Israel, or as the shepherd boy, found his spiritual needs were the same. Fame, fortune, and success do not always bring happiness and peace to those who possess them. However, lack of success does not necessarily mean your problems will be small.

The reason, of course, is the fact that we are not governed by outward circumstances. When we are not at peace with God, nothing on Earth can give it to us. When we are at peace with God, nothing can take it from us!

Hence, the beauty of David's restorath my soul! He depended upon, and trusted God to supply his spiritual needs and God restored him.

God will do the same for you if you will let Him. Why not do it? Today.

## Exposes self to woman jogger

An unidentified man exposed himself to a woman jogging in Wilson Park, near the ice rink, at 7 a.m. Saturday.

When she screamed, another jogger nearby, who happened to be an off-duty police officer, chased the man, who fled between two houses.

The policeman jogger and another officer searched the area but were unable to find the man. He was described as six feet tall, weighing about 165 pounds, in his early 20s, with medium length brown hair and wearing a blue denim suit.

**"POMME D'AMOUR"**  
 (Means "Love Apple," but best than!)  
 It's hard to believe that such a  
 universal favorite as the tomato  
 was so long regarded with suspi-  
 cion, yet that is exactly the  
 case. The tomato plant first  
 grew in the tropical regions of  
 America and was cultivated by  
 the Incas, then the Aztecs. The  
 Spanish took it home with  
 them from Mexico, but raised it only for ornamental purposes.  
 Some years later, it reached Italy via Morocco and fared somewhat  
 better; the Italians called it POMO DI MORI (Moorish apple) and  
 soon came to appreciate its flavor as much as its decorative quali-  
 ties. When the tomato moved on to France, Gallic imagination  
 altered the name to POMME D'AMOUR (LOVE APPLE), but the  
 French lost no love on it.  
 It took hundreds of years for the English and French to learn to  
 love the tomato as a food, although they admired its beauty. It  
 took many years for Americans to do likewise, even though it was  
 popular at European tables by the time it returned to this continent.  
 The tomato was one of the first vegetables chosen for canning  
 experiments and were first canned in the year 1847 . . . (over 132  
 years ago!) . . . As one writer summed it up, recipes calling for  
 tomatoes are as the sands of the seashore for multitude. Check  
 our fresh tomato and canned tomato sections for an assortment of  
 FREE RECIPES!

**YARD SWANS AND EASTER EGGS.**

The Pontoon Beach Lioness Club members made up three large yard swans with Easter goodies as the first of what they hope will become a yearly tradition for the group. The goodies were taken to the Catholic Children's Home, Alton, where 60

children knew just what to do with them. Pictured above are a few of the ladies who helped in the project. From left to right are Metta Duval, Charlotte Fowler (in back), Glenda Duval, Nancy Goodwin and Veronica Kelly.

**Tender care not being rewarded**

You give a houseplant food, water and tender loving care and it rewards you by growing strong and beautiful, right? Not so in MY plant room. My plants seem to think that I am an ax murderer or something. Every time I go near them, they croak. I have an uncommon knack for causing greenery to perish. I really do like my plants. I spend lots of money to keep plants in the house. I have to replace them so often. For the last three years or so, I have replaced those that died with identical specimens so that no one would know how many I had killed. I try to keep my house

green with lovely, full-growing plants. Trouble is they always seem to begin going downhill the moment they come into the house. I can't understand it. I give them everything they want and more. I mean — good grief! — I feed them every day and water them four or five times a week. What more could a plant ask for? I tried the new rock system where man-made rocks take the place of soil and watering is automatic. The rocks came with a nutrient that had to be used every time I added water, which is supposed to be every 14 days. I did pretty well with the system until I ran out of

nutrient. I couldn't seem to get ahold of any more, so I substituted a liquid plant food. That didn't work out too well. Too strong, I guess. My plants began a great growth period and then died. I have killed, through my brand of tender loving care, just about every species of plant common to all of us. I have about decided to give up and not replace my quickly dwindling greenery, or at least tackle my problem from a different angle. Maybe I should try threatening them with bodily harm if they do not learn to take care of themselves. You know, the old whip and chair technique.

**Carol Burnett's chance**

Carol Burnett cracks very few jokes in her latest TV effort. In fact, she doesn't even smile much. Ms. Burnett stars on Sunday, April 22, as the mother of a young soldier killed by American gunfire in ABC's "Friendly Fire." Co-starring with Ms. Burnett is Ned Beatty as the young man's father. Together they try to sort out the truth of what really happened to their son from a labyrinth of government red tape and secrecy. Ms. Burnett and Beatty play the real life couple, Peg and Gene Mullen, two patriotic and conservative Midwestern farmers whose eldest son, Michael, played by Dennis Erdman, was killed by American forces. Also starring in this compelling drama, based on C.D.B. Bryan's critically acclaimed book, is Sam Waterston as journalist Brian, who becomes closely involved with the

Mullens in their search for the truth.

The factual account of a fifth generation American family, this motion picture depicts a family's anguish and growing bitterness over the government's seeming indifference to their son's death.

On Sept. 4, 1969, Sgt. Michael Mullens left his family's Iowa farm en route to Vietnam. On March 1, 1970, a U.S. Army issue casket containing Mullen's body was returned to Waterloo, Iowa.

With the news that their son has been killed by "friendly fire," the Mullens begin a long and arduous confrontation with the often unseen representatives of the U.S. Army, challenging its bureaucratic procedures, learning more about the war and noting the discrepan-

cies between the actual casualties and public accounts. In doing so, they become radical anti-war activists in the process.

Finally, the story underscores the effects on an isolated Iowa family as the nation warred with itself over the conflict in Vietnam.

The other three children in the Mullen family are played by Timothy Hutton as John, Fanny Spies as Pat and Sherry Hursey as Mary.

Those familiar with Ms. Burnett's work on television, in motion pictures and on stage, are well aware of the breadth and depth of her talents and thus will not be surprised at a portrayal so divergent from the comedic talents which first brought her fame.

## Debate salary of township counsel

Attempts last week at three different meetings to reduce the salary of Venice Township Attorney Nick D. Vasiloff resulted in a slight reduction, but his basic monthly salary will remain unchanged.

At the first of the three meetings, Venice Township Trustee Gary Novich voted to reduce Vasiloff's salary from \$325 per month to \$215 a month and to eliminate the \$600 per year Vasiloff receives for his work as the road and bridge attorney. He would continue to receive \$1,200 per year for health insurance, according to the motion.

The trustees tied on the motion, with Novich and Benjamin Honorable voting to reduce the salary and Trustees Richard Patterson and Earl Mosby against it. Supervisor Christ Pashoff then broke the deadlock.

Novich made another attempt to reduce the attorney's salary but the trustees voted to return the salary to \$325 per month, but eliminate the \$600 per year for road and bridge legal advice. Only Novich voted against the \$325 per month salary.

The next night, at the township's annual meeting, Vasiloff was elected moderator of the annual meeting, which was attended by seven electors. Novich also was unsuccessful in an attempt to change next year's annual town meeting time from 2 p.m. to an evening meeting.

**\$15,619 in fine money received**

Fines totaling \$15,619 have been distributed to the Quad-City area as part of \$158,728 in fines collected by the Madison County Circuit Clerk's office during March, according to Circuit Clerk Willard V. "Butch" Portell.

Granite City led all cities in the county in fines received with \$12,369 for the month. Alton was second with \$12,157. Madison received \$2,060. Venice got \$285 and Ponton Beach was the recipient of \$905.

A total of \$35,881 went to the county government, the state received \$61,440 for overweight trucks, the Illinois Commerce Commission got \$870 and Department of Conservation fines totaled \$320.

## III. Power shares increase; Gray named vice president

Illinois Power Company stockholders have elected a new director of the company, re-elected to the board of directors and amended the company articles of incorporation to increase the authorized number of shares of common and preferred stocks.

The actions were taken at the annual stockholders meeting, held in the company general office at Decatur.

The newly-elected director is Gordon R. Worley, of River Forest, Ill., executive vice president-finance of Montgomery Ward & Co., Inc.

Worley, 59, serves on the board of directors of Container Corp. of America, Montgomery Ward Insurance Group, Montgomery Ward Credit Corp., Marcor, Inc., Bliss & Laughlin Industries, Signature Financial-Marketing, Inc., and Standard T. Chemical Co.

He joined Montgomery Ward in 1967 as vice president-finance. In 1968, he was elected a company director, and assumed the same duties for Marcor, Inc., after the merger of Wards and Container Corp. of America later that year. He was elected executive vice president-finance of Montgomery Ward in 1975.

Worley served four years as a member and vice chairman of the State Capital Development Board, and two years as a member of the National Commission on Electronic Fund Transfers. He is also a member of the Conference Board of Council of Financial Executives.

He is married to the former Geneva Louise Baker, and they have three children.

The Illinois Power directors re-elected are: Robert J. Burrow, of Danville, a consultant and retired publisher of The

Commercial News; William C. Gerstner, of Decatur, executive vice president of the company; George E. Hatmaker, of Springfield, company director; Wendell J. Kelley, of Decatur, chairman and president of the company.

John H. Leslie, of Glenview, is a member of the system planning committee and a senior member of the Institute of Electrical and Electronic Engineers; a member of the systems planning committee of the Edison Electric Institute; a senior member and former vice president of the Instrument Society of America; and a member of the American Society of Mechanical Engineers.

Professional honorary and social societies in which he holds memberships are Phi Kappa Phi, Tau Beta Phi, Sigma Tau, Eta Kappa Nu and Alpha Kappa Lambda.

Womeldorf is married to the former Marilyn Sapp of Decatur. They have two sons, John, 11, and Michael, 9, and live at 433 S. Westdale Ave. in Decatur. He is a member of Grace United Methodist Church.

Womeldorf is a 1954 graduate of the University of Illinois, where he earned a bachelor of science degree in electrical engineering and a graduate certificate in electrical engineering. From 1955 to 1957, he served as an officer in the Army Corps of Engineers.

He is a member of the system planning committee and a senior member of the Institute of Electrical and Electronic Engineers; a member of the systems planning committee of the Edison Electric Institute; a senior member and former vice president of the Instrument Society of America; and a member of the American Society of Mechanical Engineers.

## Franciscan Province to mark 100th year

Franciscans in the 14-state Sacred Heart Province, the second largest in the United States, will celebrate the 100th anniversary of the Province's founding on Thursday, April 26.

The more than 600 members of the Province, which is the fourth largest in the world, will mark Century Day as a kind of family birthday party, with special prayers of thanksgiving and remembrance, Father Ralph Scherrer, OFM, pastor of St. Mary's Catholic Church, Madison, said.

In addition, five major celebrations have been planned throughout the Province, to be held at Franciscan facilities in Chicago, San Antonio, St. Louis, Quincy, Ill., and Teutopolis, Ill., where the first friary in what was later to become the Province of the Sacred Heart was established.

On the centenary date itself, April 26, 1979, there will be a 3 p.m. mass at Teutopolis, to be offered by the Most Rev. Constantine Koser, OFM, minister general of the Order worldwide, with headquarters in Rome.

Fr. Koser also will give the homily. The mass will be at St. Joseph's Church, 203 E. Main Street, Teutopolis.

The co-celebrant at the celebration in Teutopolis will be Very Rev. Damas Bonner, OFM, father provincial of Sacred Heart Province.

An honored guest and also a co-celebrant will be the Very Rev. Constantine Koser, OFM, vicar provincial of the Province of Saxonia, Germany, which sent the first Franciscans into the area which is now Sacred Heart Province.

The earliest of the major celebrations will be held on Sunday, April 22, at Corpus Christi Friary, 4920 Dr. Martin Luther King Drive, Chicago. Celebrant at 3

p.m. mass will be Fr. Koser, who will also preach.

A reception at Hales Franciscan High School, 4830 Cottage Grove Ave., Chicago, will be held after the mass. Also planned for Fr. Koser is an informal tour of a black community, and special Franciscan projects in the area.

On Saturday and Sunday, April 28-29, another tour will be arranged for Fr. Koser in the San Antonio area. He will attend an evening supper on Saturday, April 28, for area Franciscans at St. Joseph Friary, 535 New Laredo Highway, San Antonio, Michoud, by a fiesta and folk dancing by area residents.

He will also be principal celebrant of a mass at San Jose Mission Church in San Antonio at 3 p.m. Sunday, April 29.

**\$200,000 LAWSUIT**

Royce A. McWilliams has filed a \$200,000 lawsuit in Madison County Circuit Court as the result of an accident when he was working on a barge March 28, 1976. The suit alleged negligence of the Order of the World, with headquarters in Rome.

Fr. Koser also will give the homily. The mass will be at St. Joseph's Church, 203 E. Main Street, Teutopolis.

The co-celebrant at the celebration in Teutopolis will be Very Rev. Damas Bonner, OFM, father provincial of Sacred Heart Province.

## CONTOUR ANALYSIS EXAMINATION FOR VICTIMS OF CHRONIC OR ACUTE PAIN

A free Contour Analysis examination is being offered for people with acute or chronic pain by the chiropractic offices listed below. People who suffer with backache, bursitis, arthritis, neuritis, nerve pain, neck pain, muscle pain, bone pain, etc., are invited to receive this free examination.

Contour Analysis enables taking a three-dimensional picture (called Moire photography) of the topography of the surface of the spine to detect spinal stress deviations. This analysis will be correlated with leg deficiency, patient symptomatology, and levels of spinal tenderness. An analysis of this type can reveal such things as normal and abnormal stress patterns, spinal curvature, muscle spasms, muscle imbalance, spinal distortion, and scoliosis.

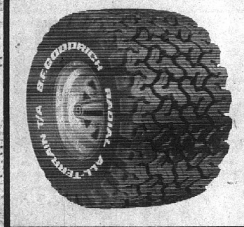

This analysis, including consultation with the doctor is being offered to the public at no charge. Anyone wishing to receive this free examination may telephone Dr. Reinhardt's office directly for information or an appointment.

## Dental school growth includes quality-dean

The School of Dental Medicine of Southern Illinois University at Edwardsville is growing in quality and size, according to a report by Dean Henry Cherrick to the SIU Board of Trustees. But the dean said the school needs a permanent facility to continue its program.

Dr. Cherrick told the trustees, who met at the dental school in Alton, that temporary clinical facilities were built eight years ago for 24 students. This year, the school has a class size of 53 students and has expanded to a four-year curriculum, with the student body to total 212 within two years.

He urged the board to proceed with the highest possible construction priority for the Alton campus, recently selected as the permanent site for the school.

Dr. Cherrick pointed to "excellence in student and faculty academic achievement, expanded community service, and development of the four-year curriculum" as evidence of progress.

Recent national board examinations required of sophomores and seniors placed SIUE students in the fifth in periodontology, biochemistry and fixed and removable prosthodontics, the dean reported, with pathology results not yet received.

Dr. Cherrick credited the dental faculty for the record and noted that the incoming freshman class will have a 3.3 grade point average on a 4.0 scale, indicating competition for the best students in the state.

Dental faculty members and some students have presented scientific papers and table clinics at major dental research meetings and at the dental school this year, including some of the school's dental students.

The school has increased its service to the community

with plans to add a satellite clinic of up to six chairs, in addition to the 75 patient chairs at Alton, Dr. Cherrick said.

The clinic will be opened in the Broadview Hotel in East St. Louis, "to serve an area of designated critical dental care shortage in the state."

The new clinic will also be used in the school's minority recruitment program as part of its continuing effort to educate prospective college students to the opportunities in dentistry.

The dental school has also made the transition for a three-year to a four-year curriculum to allow more emphasis on care of the handicapped, conscious sedation, management program and a built-in recall system, the dean said.

Laboratories and pre-clinical courses have been added to strengthen the basic science programs.

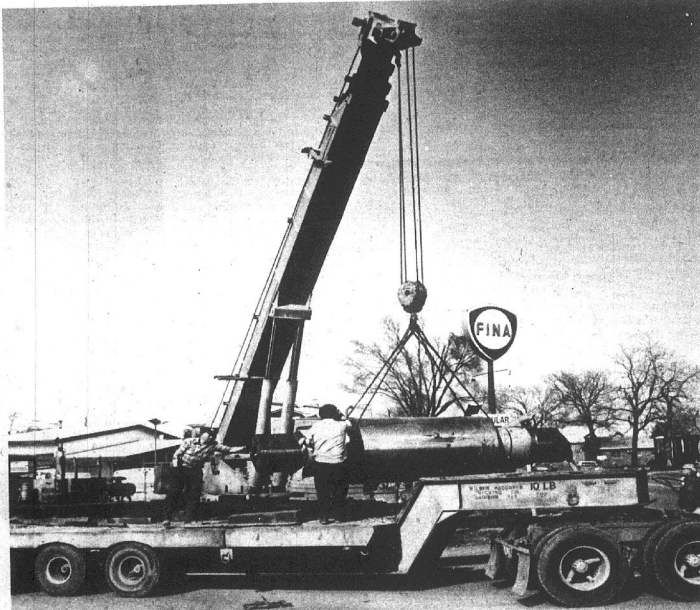

Dr. Cherrick said the state needs more dentists, citing the 1976 Federal Register which listed 33 counties as critical shortage areas in Illinois. Four counties have one dentist, and 27 counties have one dentist for 5,000 patients, compared to an ideal of one to 1,100.

"The need for this school is paramount when evaluating state dental needs," he said. "A permanent facility for the School of Dental Medicine is necessary if we are to carry out our mandate to provide appropriate health care education to Southern Illinois."

Dr. Cherrick was introduced to the board by SIUE Vice President and Provost Earl Lazerson, who reminded the trustees of the dental school's progress from the early preparations to train professional health care practitioners in Southern Illinois.

He commended trustees and others for wisdom and foresightedness in meeting the challenge that enabled the school to graduate 141 students to date, with 101 practicing in Illinois.

Dr. Cherrick led a tour of the Alton center after the April board meeting.

**NO SMALL TASK.** A 19-ton steel mill roller is loaded onto a tractor-trailer Thursday afternoon after it had broken loose from another truck as it was negotiating the curve from McCambridge Avenue to Edwardsville Road. The roller bound for Granite City Steel, struck the rear tires of a southbound tractor-trailer before it

came to rest against a street sign. The truck that was hit was carrying an 18-ton coil of steel from the steel plant which had to be transferred to another truck due to the damage incurred by the stray roller. The roller had come from Pittsburgh, Pa.

## Dancers to entertain

The SIUE Performing Arts Training Center, directed by Katherine Dunham, will perform in concert with Melba Moore, Friday at Powell Symphony Hall in St. Louis. Beginning at 8 p.m., the Dunham Dancers will provide a general entertainment show to precede Miss Moore, the featured performer.

The show will present the lighter side of Dunham traditional techniques. Styled in a modern perspective, it features disco, jazz and rhythmic movements. Numbers like "Afrique," a combination of the Watusi, Dunham technique and modern jazz, will be performed. A comedy titled "Mergue," the social dance of Haiti, also is to be performed. Scott Joplin, a favorite composer of Miss Dunham, will be represented in

**ZONING HEARING**  
The Madison County Zoning Board of Appeals will hold an on-site public zoning hearing at 10:20 a.m. Monday, April 23, on Watson Road one block from Roosevelt Street in Eagle Park Acres where Charles Van Jackson and Dorothy Gray Jackson are requesting a special use permit for single-family residential use, and is in Venice Township.

## Interview on peace treaty

WSIE-FM (88.7), radio station on the campus of Southern Illinois University at Edwardsville, will broadcast an interview — taped by William F. Buckley Jr. in Tel Aviv — on Sunday, April 22, at 5:30 p.m.

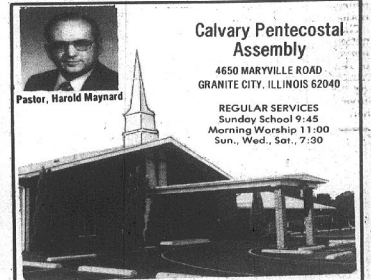

Focusing on the meaning of the Egyptian-Israeli accord, the program will have former Prime Minister Yitzhak Rabin and Minister of Justice Shmuel Tamir as guests. Both Rabin and Tamir have good feelings about the meetings between President Carter, Sadat and Begin.

Tamir feels that the Israelis are giving up territory and a source of strength, a defense, which is somewhat of a gamble. "We believe the Middle East has

tried for 30 years the cycle of war, armistice, war, armistice, again and again with no blue horizons at the end. We feel that we should try, risky as it may seem, another course," he said.

Rabin believes that a peace treaty, to be viable, has to have two ingredients. It must be beneficial, serving the purposes of both sides. And the penalties for violating it must be so severe that no one will risk it.

The less the Soviets are involved in the Middle East, the better the chances are for peace, Rabin said, adding "Only the United States, by a unilateral action, can bring about peace between the Arab countries and Israel."

## Skateboard exhibitions

The Pepsi-Cola SKATE Program, which provides comprehensive instruction on all critical phases of skateboarding, will visit this region on May 1-11.

The demonstration, to be held at Grigsby Jr. High School May 1 and Prather Jr. High May 4, will include a freestyle exhibition of stunts such as the backward pirouette kickflip and the squatting nose G-turn.

Pepsi-Cola SKATE (Skateboard Knowledge and Team Exhibition) visits schools and community centers in the United States where the four-member team of professional skateboarders demonstrates key aspects of the increasingly popular sport.

Fundamental and advanced techniques, proper use and maintenance of the board, and use of protective equipment are stressed in the sessions.

## The Spinal Column

DR. RICHARD C. REINHARDT  
**WHY ILLNESS?**

The reason for illness is a breakdown of the functions of the cells. The body is a vital and vibrant organism. Scientists acknowledge that the body is designed to last from 120 to 150 years. Obviously, not very many do this, yet the body has the capacity to do so.

It seems a little ridiculous to make a body this well and then put in an appendix that will only last ten years, or a gall bladder that will only last 40 years or a heart that stops at an organ, it does not work properly or does not work at all.

It takes time and wear for holes to appear in boots, and it takes time for the organs to breakdown and sickness to appear. It takes time to repair and restore the organs back to normal when there is so much damage done. The better the spine is maintained the less chance of breakdown and sickness. This is why chiropractors urge regular maintenance care, even if there are no symptoms, so that we can remove the cause of sickness before it devastates the body.
